

Charge U.S. Cash Finances Illegal Jewish Migration

LONDON (AP)—Viscount Hall, First Lord of the Admiralty, said in the House of Lords today that stoppage of American financial support for Zionist groups would reduce materially the flow of illegal immigration to Palestine.

"If financial support was withheld from the U.S.A.," he declared, "it would not be carried out to the same extent as it has been in the last 18 months. It could be carried out at all."

Both Houses of Parliament spent considerable time on the last day of the session discussing events in the Holy Land.

Viscount Hall denied any knowledge of Soviet support for uncensored immigration, suggested by several speakers in the House of Lords debate.

Lord Derwent called upon the Palestine government to levy collective fines against the Jewish community in Palestine for acts of violence there, saying that it was "not co-operating with the government and, therefore, the whole of the community is responsible."

Viscount Hall, speaking for the government, rejected the suggestion.

Attlee Will Not Cut Salaries Of M.P.s

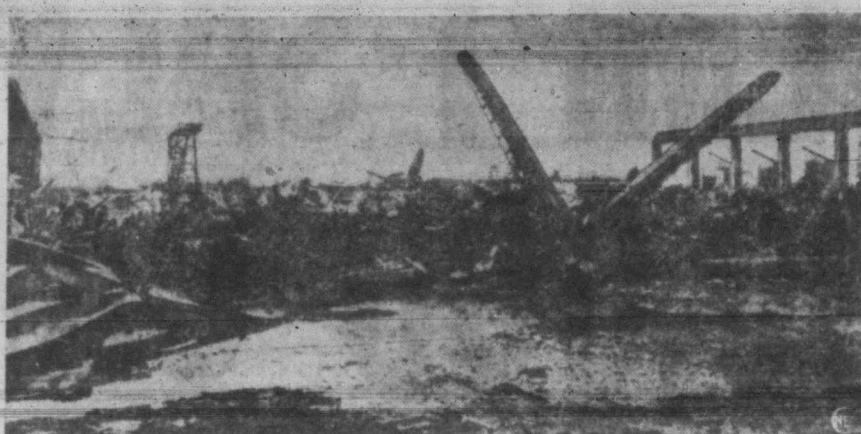

LONDON (CP)—A Conservative member's suggestion that salaries of cabinet ministers and members of Parliament be reduced because of the intensified austerity conditions facing Britain was rejected by Prime Minister Attlee in the House of Commons Tuesday.

L. D. Gammans, Conservative, said that what the country needed was example, not exhortation, adding he was prepared to suffer a 20 or 30 per cent cut in his salary as a voluntary gesture.

Salaries of M.P.s were raised in 1946 from £600 to £1,000 (\$2,400 to \$4,000) annually. Salaries of cabinet ministers range from £10,000 for the prime minister to £5,000 for other members.

Rejecting Gammans' proposal, Attlee said:

"I think members of Parliament do valuable work and I do not think it is right to single them out from everybody else."

MIAMI AIRPORT BURNS—Fire that swept through hangar No. 3 at Miami's International Airport (above) destroyed an estimated \$1,000,000 in planes, engines and equipment.

Paraguayan Rebels Suffer Defeat, Say Loyalist Leaders

BUENOS AIRES (AP)—An official Paraguayan source here said rebel forces were fleeing from their positions around Asuncion today after suffering a sharp defeat at the hands of loyal Paraguayan troops in the latest action of a five-month-old civil war.

This informant said the loyalists were "tenaciously pursuing" the retreating insurgents in the direction of Piquette Cue and Villeta, north of the capital. An earlier official announcement Tuesday night said a loyalist relief column—pressing down from the north, where the rebel capital of Concepcion was captured on July 31—had reached a point only 12 miles from Asuncion.

The official source here said the message he received from Asuncion Tuesday night reported that insurgent forces around the threatened loyalist capital had been "destroyed." He did not make plain, however, whether the insurgent troops mentioned constituted the entire rebel force concentrated there or a part of it.

On the other hand, rebel sympathizers in the border city of Formosa said they heard a broadcast rebel communique Tuesday night which said the insurgents "were fighting in the centre of Asuncion and advancing steadily despite desperate

government resistance." They said the communique stated that the fall of Asuncion was only a "matter of hours."

Relief of the loyalist capital would end a paradoxical situation which found the government of President Higinio Morillo facing with defeat less than 10 days after its troops conquered the rebel capital, 125 miles to the north, in what then appeared to be the victorious climax of the 15th Paraguayan rebellion in 12 years.

P.G.E. Engineers At Fort St. John

FORT ST. JOHN, B.C. (CP)—Arrival of location engineers for Pacific Eastern Railway at the Peace River bridgehead, Alaska Highway, today caused a surge of excitement throughout the farm settlements in this vicinity.

William Seales, chief locating engineer of Victoria, arrived here this morning and established headquarters. C. R. Crysdale, chief engineer, was due by plane later in the day.

Experts from the Canadian National and Canadian Pacific Railways and Dominion government officials are due here Aug. 18 for a conference regarding the railway policy for the Peace River country.

Spurred on by railway rumors which gained headway after Premier Hart a year ago said his government would give Peace River a Pacific outlet, a boom in clearing is taking place north of the Peace River. Land is being taken up from Prince George to Nelson Forks.

Magazine Article Spotlights Canada As Vacation Land

Climbing into their cars, boarding trains, planes, buses and ships, more than 20,000,000 U.S. residents tasted Canada's vacation magic last year.

With the easiest frontier in the world to cross, and all types of transportation available, a vacation in Canada offers everything a vacationist could want.

Writing of Canada as a vacation land, in Esquire magazine, Richard Joseph eulogizes the grandeur of the Canadian Rockies and the more subdued charm of the Maritimes.

From coast to coast the writer points out the mountains are higher, the air is fresher, the sky is bluer, the grass is greener, the water is clearer and the pleasures are greater!

Canada will receive a tremendous amount of publicity through the outstanding article, "September in Canada," by Richard Joseph, appearing in the Esquire magazine for September.

Esquire magazine, September issue, is on sale now at your dealer.

Esquire is distributed on Vancouver Island by Lovicks News Agency, 719 Courtney Street, Victoria, B.C.

Nelson Trustees Ask Ottawa Probe Razing Of School

NELSON, B.C. (CP)—The Nelson School Board today wired the Attorney-General at Ottawa demanding "immediate and forceful action" following the razing of the one-room school at Erie, B.C., four miles south of Salmo, Tuesday.

The school was the second within three days to be totally destroyed by fire and brought to four the number of schools destroyed or damaged in the West Kootenay district in recent weeks.

The Erie school, closed for the summer months, was used to accommodate the overflow of high school students from the Salmo district.

Only last Sunday, the Spruile Creek school and teacher's residence, located between here and Castlegar, B.C., was also totally destroyed by fire and school board officials said they believed both blazes to be of an incendiary nature.

Total damage from the two fires was estimated at \$8,000.

Big British Stars Needed Hollywood, One Of Them Says

By BOB THOMAS

HOLLYWOOD (AP)—At a time when Anglo-American film relations are at their lowest ebb, Rex Harrison comes forth with the statement that "Hollywood can well take a bow for creating the big-name British stars."

The actor paused between finishing "The Foxes of Harrow" and taking off to his native England to comment that world-wide fame came to British stars "only after they made films in Hollywood or for Hollywood picture companies." What's more, he mentioned names.

Ronald Colman and the late Leslie Howard reached acclaim after their American films, he said, and David Niven "is entirely a Hollywood-made star." Robert Donat became the star he is today "through 'Goodbye, Mr. Chips,' a film he made for a Hollywood company." Greer Garson also achieved eminence in that film, "and enhanced her fame with such Hollywood films as 'Mrs. Miniver'."

NO CHANGE?

"Laurence Olivier would probably not have had a chance at his present eminence if he had not made 'Wuthering Heights' and 'Rebecca' in this country," Harrison added. "Vivien Leigh was acclaimed at home after she made 'Gone With the Wind' in Hollywood."

The reason for this, the actor continued, "is that in the past our British pictures did not have the standard or the standing they have today. Actors had to come to Hollywood if they wanted to attain top star status."

"That is true with the single exception of James Mason, the only British actor who has become an American and world-wide idol without ever appearing in a Hollywood film. Fortunately, our films are improving so greatly that we will, as in the case of Mason, be able to create in England stars who will have world-wide appeal."

Fatal Shot Fired While Wife Attacked

PEORIA, Ill. (AP)—A 19-year-old bride of a week told a coroner's jury Tuesday that her husband's "best friend," who was found shot to death last Sunday, "was attacking" her in the back seat of an automobile when her husband arrived at the car with a gun.

The jury recommended that James P. Murphy, 29, be held to the grand jury on a charge of murdering Glenn Lindsey, 36, whose body was found in the front seat of his automobile in a corn field.

Mrs. Dorothy Murphy, the bride, testified she fell asleep in the back seat of Lindsey's car as he drove her and her husband home from a round of taverns. When she awoke, she told the jury, her husband was absent and Lindsey was in the back seat of the car "and was attacking me."

Inquest Ordered

NELSON, B.C. (AP)—An inquest has been ordered into the death of 21-month-old Garry Leigh Anderson, fatally injured Tuesday afternoon when a car, reported driven by Wilfred H. Love of Nelson, accidentally backed over the tot. The lad was playing on an embankment bordering the Hall Street alley and apparently slipped down the bank as the car was passing. The youngster was the son of Mr. and Mrs. Roy Anderson of Nelson.

ANNOUNCEMENTS

A public meeting will be held under the auspices of the Canadian Pensioners' Association, on Thursday, Aug. 14, at 8 p.m., at the Chamber of Commerce Auditorium. Under the patronage of R. L. Mayhew, Esq., M.P., Gen. George Pearkes, V.C., M.P., His Worship Mayor Percy George, chairman, S. Saunders, president, Canadian Pensioners' Association. Britain To Fly Experts To U.S. To Talk Loan Terms

LONDON (AP) — A delegation of British Foreign Office and financial authorities is to fly to Washington Friday for "informal talks and an exchange of views" on revision of the Anglo-American loan agreement, treasury authorities announced today.

The delegation will be led by Sir Wilfrid Eady of the treasury. Others in the party will be Sir Edmund Hall-Patch of the Foreign Office; H. J. Lintott of the Board of Trade; Licius Thompson McCausland and P. S. Beale of the Bank of England.

MAKES BIG DRAW

WASHINGTON (AP) — Britain, hard up for dollars, has withdrawn another \$150,000,000 of her United States credit, the treasury disclosed today.

The withdrawal leaves only \$850,000,000 remaining of the \$3,750,000,000 granted in mid-1945.

Treasury officials here, and Hugh Dalton, Chancellor of the British Exchequer, have esti-

imated the entire credit will be exhausted by Oct. 1 if the present rate of withdrawals is continued.

Originally, it was estimated the funds would last until June 30, 1948, by which time the British government expected to have her economy stabilized.

The British "dollar crisis," besides necessitating heavy drains upon the American financial credit, caused Prime Minister Attlee to invoke stringent checks last week on British imports.

Wheat Crop Down 62,000,000 Bushels

OTTAWA (CP) — Canada's 1947 wheat crop was estimated today by the Dominion Bureau of Statistics at 358,786,000 bushels, approximately 62,000,000 less than the harvest of 1946.

The estimate, first of this production year, included 339,696,000 bushels of spring wheat grown on the prairie provinces, and 19,090,000 bushels of fall wheat, grown principally in Ontario, for an all-Canada total of 358,786,000.

Holy Land Fears Arab Revolt As Fighting Flares

JERUSALEM (AP) — Two Arabs were reported stabbed to death and six Arabs and two Jews suffered knife wounds in three separate incidents today in the slum quarter between Jaffa and Tel Aviv.

The stabbings raised to 10 killed and 25 wounded the casualties resulting from racial strife between Jews and Arabs which broke out Sunday night.

Troops of the British 1st Infantry Division were stationed throughout the trouble area in an effort to avert further bloodshed, but military authorities in Jerusalem said no curfew was contemplated at the moment.

All shops in the border area between Tel Aviv and Jaffa remained closed this morning and most residents of the squalid region on both sides of the dividing line kept their shutters closed despite the intense heat.

Palestine government authorities declined to comment on the situation, but veteran policemen — to whom the current troubles are reminiscent of the 1936 Arab revolt which bathed the Holy Land in blood — expressed frank dismay over the turn of events.

"It began just this way in 1936," said one police inspector, "only this time you can bet it will be tougher."

The area in which Tuesday night's incidents took place is a narrow "finger" of the city of Jaffa about 600 yards wide which ends into Tel Aviv for about a half-mile.

The current wave of Jewish-Arab violence has increased to 38 killed and nearly 200 wounded the toll of casualties in the Holy Land during the last month. Eighteen of the dead and 84 of the wounded were British police or soldiers.

Thugs Get \$17,000 From Ontario Bank

PICKERING, Ont. (CP) — Two gunmen today forced five members of the Canadian Bank of Commerce staff here into the vaults and escaped in an automobile with loot estimated at \$17,000. There were no customers in the bank at the time.

U.S. Watching Movements Of Meyer

WASHINGTON (CP) — Chairman Ferguson (Rep.-Mich.) said today it will be up to his war investigating subcommittee to decide whether to probe deeper into the "side issue" feud between Howard Hughes and Senator Brewster (Rep.-Me.).

Frank Dow, acting commissioner of customs, notified collectors at all ports Tuesday to stop John W. Meyer, Hughes' free-spending publicity man, if he tries to leave the country.

Owners Proving Severe Hardship To Get Homes

OTTAWA (CP) — The Prices Board announced today steps had been taken to provide relief for landlords of tenanted dwellings who are suffering "grievous hardship" because they are prevented by rental regulations from moving into their own homes.

The relief, to apply to those who became owners of tenanted dwellings up to Dec. 31, 1946, will be provided by commissioners appointed by the Prices Board at main points in Canada to hear cases of hardship.

Both landlord and tenant will be heard by the commissioners in balancing the merits of each case. "No purpose would be served by relieving the hardship of the landlord at the expense of an even greater hardship to the tenant," said the board.

The commissioners will receive petitions from landlords of tenanted dwellings who with their families are, or claim to be, suffering grievous hardship because they are prevented from occupying their own homes.

The board said "grievous hardship" will be given a restricted meaning. The fact that a landlord may be losing money because he is prevented from recovering possession of his house will not in itself be considered the cause of grievous hardship.

On the other hand, overcrowding to an extent which interferes with the accepted rules of morality and sanitation may disclose hardship of a grave and serious character. It is also intended that relief be granted to old people no longer able to care for themselves whose lives may be shortened, made uncomfortable and unhappy if they are not permitted to occupy their own homes.

AT END OF LEASE

If a commissioner grants a landlord's petition, the landlord may require his tenant to vacate at the expiration of the lease. Where petitioners are granted a special Prices Board order will be issued requiring the landlord to refrain from selling or renting the accommodation for one year. This, said the board, would act as a deterrent against the submission of unworthy applications.

Decisions of the commissioners will be final and without appeal. Landlords may obtain application forms for petitions at board offices in the main cities across Canada.

Duncan Council Approves Plan For \$40,000 Recreation Hall

DUNCAN — Approval for the construction and operation of a recreation hall, to cost between \$30,000 and \$40,000, in this upland city was given by the City Council at its meeting, following representation by local real estate agents on behalf of their clients.

The realtors asked the City Council if it would be willing to grant a building permit for a hall. Councillors agreed they could see no reason why a permit should not be granted, provided the builders complied with the building by-laws.

The group which proposes to build the hall has planned it mainly for the use of teenagers. Central Vancouver Island Health Unit advised the council that the building unit now occupied has been sold and must be vacated by Sept. 5. Discussion will be held with North Cowichan Council with a view to providing quarters for the unit.

A grant of \$100 was made to the Chamber of Commerce and \$25 to the Salvation Army. A. J. Castle was appointed delegate to the B.C. Engineers' convention to be held in September. Ken Hunter was named alternate. Mayor J. G. Wragg and Aldermen W. Hudson and J. LeQueune will attend the Union of B.C. Municipalities convention to be held at Harrison. Request for special parking space from the Duncan Medical Society and Kyle's Taxi Service was referred to the streets committee.

Communists Banned

MONTREAL (CP) — Three steamship companies involved in a dispute with the Canadian Seamen's Union have advised Leonard W. Brockington, government-appointed conciliator, that they will refuse to issue passes to board their ships "to Communists or Communist agents."

The companies involved are Canada Steamship Lines, Sarnia and Colonial steamship lines.

Plans Inadequate

LAKE SUCCESS (AP) — Canada declared today Russia's plan for an international atomic control commission is not adequate as it now stands and suggested

EDUCATION IN TEMPERANCE

THOUGHTFUL PEOPLE IN EVERY part of British Columbia, and particularly that very substantial element which currently is worried about alcoholism in all its ramifications, will hope that the appointment of Mr. Harold L. Campbell, at present assistant superintendent of education—in charge of curricula—and chief inspector of schools for British Columbia, as director of temperance education will mean realization of the basic desires of the Legislature when it endorsed the measure providing for the establishment of such a department of the public service.

Naturally enough, this innovation in popular instruction in this province was received with both jeers and cheers, dependent upon the point of view and the philosophy of opponents and supporters of the fundamental idea back of the scheme. None would be so foolish as to suggest that legislation can determine the course of public morality or influence the personal conduct of the individual in those aspects of life involving liberty of decision.

All these imponderables notwithstanding, however, the course which Minister of Education Weir was authorized to take by an act of the Legislature entitles both him and his appointee to the warmest support from a public that demands a practical and sensible observance of temperate habits. For it is too late in the day to argue in favor of a discredited system of prohibition. Much of the disrepute which eventually spelled the doom of "bone dry" legislation sprang from those misguided and unimaginative folk who, figuratively speaking, were won over to the idea that people could run before they could walk.

Happily for the province of British Columbia, incidentally, Dr. Weir selected a member of the public service of this province who is fully able to combine an understanding of normal opinion with a sensible concept of the need for substantial correction in the abuses of drinking habits. It will be his task to try to instill into the minds of the rising generation a measure of guidance by which it will profit.

NOT FOR THE PRESENT

THAT DISPATCH FROM PARIS WHICH intimated that sixteen European countries might decide to form a Customs Union among themselves obviously did not go down well with economic realists. In the first place, no such arrangement could hope to succeed without the support and collaboration of Great Britain. She could not lend her influence to any kind of pact which would embarrass her in her political and economic associations with the other members of the Commonwealth.

It may be that sheer force of circumstances—influenced as they have been by the American loan to Britain, by Mr. Attlee's appeal for some "easements" of the provisions which govern this accommodation, and by the fact that considerably more dollars will be required by Great Britain within the next six months—will determine the future fiscal policy of the administration at Westminster. For the foregoing and other cogent reasons, it can be assumed that Britain's Socialist government will not embark on new economic adventures so long as the actual conditions obtaining in Great Britain, which the Prime Minister described to the House of Commons last Wednesday, remain to plague the already seriously harassed inhabitants of the "tight little isle."

Some time in the future, when the economic skies are much clearer than they are today, it may be time enough for Britain and the rest of the nations comprising the Commonwealth to talk about defensive economic measures. But it is hoped that before then the world at large will have profited from the lessons taught by the tariff spree which throttled international commerce before the Second World War.

NATIONALISM VERSUS HONESTY

Egypt for the Egyptians is obviously the compelling slogan upon which Premier Nokrashy Pasha is depending to assist him before the Security Council and to strengthen his argument that the presence of British troops in his country is a threat to international peace. Wide publicity through full-page advertisements in several influential United States dailies—inserted by The Committee For Unity of The Nile Valley—emphasizes in belligerent terms that this condition is a British attempt to cut Egypt in two. And it is further contended that "at stake in Egypt's dispute with Britain are those very principles for which the Allies fought and won in the struggle against Nazism and Facism."

Although the Egyptian Premier is known by his friendship for and his understanding of Britain and her evolutionary program, he is necessarily committed to support propaganda intended to impress the Security Council with the idea that the question now before it is rooted in "the darkness of 19th century British imperialism." Naturally enough the nationalistic trend everywhere

is bound to involve the majority of those countries upon whose political and economic development the co-operation and collaboration of the larger powers of the world have had an important influence. However, when Mr. Pasha and his colleagues resort to the clouding of a clear issue—as the Times of London puts it—with a "smoke screen of irrelevant and dubious assertions," the basic cry of the complaint inherent in "Egypt for the Egyptians" gains little in force. For no reasonable-minded statesman, for example, would seriously cite the provisions of the 1936 treaty between Great Britain and Egypt as constituting a threat to international peace. As the great London daily quite rightly postulates:

"This treaty was freely accepted by the very men who now denounce it; its signature was marked by unfeigned national rejoicing and was commemorated by a special issue of postage stamps. When Egypt became convinced that certain of its provisions were inconsistent with her dignity, Britain was ready to revise them."

It should be noted, incidentally, that the revision referred to covered the steps which Egypt is now asking the Security Council to take, namely, the evacuation of British troops and a change in the administrative system of the Sudan. But it will be recalled that these negotiations broke down on one single issue—the refusal of the Egyptian government to concede to the Sudanese people the same unfettered freedom to determine their own future by which Britain had readily conceded to Egypt herself. In other words, Sir Alexander Cadogan, Britain's delegate to the Security Council, neither overstepped his authority nor compromised his country's subscription to the United Nations Charter when he asked the Council on Monday to refuse to consider the demand which the Egyptian Premier had made upon it.

To be sure, as nationalistic sentiment everywhere continues to grow, it is inconceivable that either Britain or Egypt could effect a practical reconciliation without the assistance of an influential and impartial agency. The truth of this assertion would appear to be borne out by the extravagant language employed in the advertising material which The Committee For Unity of The Nile Valley is publishing in the United States press. But disingenuous reasoning and distortion of fact do not strengthen the force of logic in this somewhat illogical and troubled world.

FROM THE MOTORISTS

CITIES AND MUNICIPALITIES IN THIS province will benefit substantially through the increase in the grant from motor vehicle fees announced yesterday by Hon. Herbert Anscomb, Minister of Finance. Amounts disbursed in each case will run slightly over double the totals available from this source last year. In the case of Victoria, exclusive of the surrounding municipalities, the grant will total \$87,173, in contrast to last year's \$40,406.

The increase arises from legislation passed at the last session of the local House which was based on recommendations of the Goldenberg Report on municipal financing. The allocations to municipalities previously were set at a maximum of \$570,000, which at one time represented the high peak of the municipalities' share of one-third of the province's motor vehicle fees. Since the setting of that maximum, however, the gross revenue has increased. Removal of this restriction has resulted in doubling the apportionment by restoring it to the full one-third of total collections, which currently reaches \$1,233,000.

By provincial statute the money received by the municipalities must be expended on highway construction and maintenance, in this way benefitting the automobile operators who contribute the funds through their license fees. The provincial total of about \$3,700,000 received from this source, incidentally, furnishes a striking proof of the importance which now attaches to revenue from automobile licenses and drivers' fees.

UNTO HIM WHO HATH

A VARIATION ON THE BIBLICAL PAR-able of the talents has been provided by a resident of Esley, South Carolina, who stored away a portion of his wealth by dropping spare pennies through a crack in his attic floor. There is much to commend such a method of saving. It is safe, unless the house burns down. It is inaccessible to plundering during periods when the will-power weakens—a threat which constantly hangs over "piggy banks" and similar receptacles capable of manipulation. And it would appear to be commendous enough to hold a lifetime of savings.

Unfortunately it turned out to have one disadvantage which wiped out all the good features. While the owner was absent on a fishing trip, three years' accumulation of pennies proved too heavy for the ceiling over which they reposed. They fell, all 1,672 of them, into the living room below. A carpenter estimated that at least three-quarters of the nest egg would be required to pay for the damage.

There may be many who would draw from this a moral against the practice of thrift, and others who would inveigh against the flimsiness of modern house construction. But the lesson would seem to be clear; it is as old as the Biblical adage.

NOTES

It might be worse. The men-of-distinction ads don't pretend that liquor gives distinction to women.

It isn't the money alone that makes a job downtown more attractive than housekeeping. There is nobody to talk to at home.

First Citizens

Royal Bank of Canada Monthly Letter.

NO ONE KNOWS for sure where the Indians came from, but if you ask an Indian he will instinctively turn to the north. Experts say that long before there was any civilization in Greece or Egypt, small bands of hunters moved out of Asia into Alaska and through there to Canada. Every party that drifted across the Bering Strait brought its own customs, and many had different languages. That is why the white men found no fewer than fifty distinct tribes in North America, speaking eleven languages.

The Indians attained a closely knit community life in this new continent because of their loyalty to the tribe and tribal customs, and obedience to their chiefs. This way of living suited a country that was thinly populated, with little personal and no economic connection between groups.

THE PROBLEM of Indian adjustment has not been one merely of meeting a new mode of life, but a mode of life controlled by entirely new principles. The white man changed the whole shape of Indian ways of existence.

When the first Spaniards came to America, human development on this continent was 6,000 years behind the Old World, according to H. G. Wells. This ancient way of living was attacked by many new features; the white trapper, competitive trading, efficiency of modern weapons in war and the chase, natural catastrophes, and the operation of animal population cycles for which the restricted areas of reserves did not allow enough room. Habits of the Indians were broken, and their cultural and economic patterns were destroyed. Old and noble families lost prestige; whole tribes were degraded to pauperism when white hunters ruthlessly killed off the buffalo and deer. Entire forests fell before the woodsman's axe.

THE BRITISH, from the time of their first contact, decided that Indian land should be taken over only by formal agreement. The Magna Charta of Canadian Indians is the proclamation of 1763 which set forth that no Indian could be dispossessed of his lands without his consent and the consent of the Crown. D. C. Scott, then Deputy Superintendent General of Indian Affairs, was able to say in 1931: "The sacredness of treaties and agreements with Indians has been respected."

Only 63,238 Indians are receiving the treaty annuity, but all other Indians, with this exception, are given the same services and benefits. By the treaties, groups of Indians ceded to the Crown all their title and interest in the lands over which they formerly roved and hunted, in exchange for the guarantee of residential reserves, education, annual cash payments, and other considerations.

ADMINISTRATION is carried out by the Indian Affairs Branch of the Department of Mines and Resources, except in health matters which were transferred in 1945 to the Department of National Health and Welfare.

There are nearly a hundred Indian agencies looking after 600 bands on 2,000 reserves. The Indian Affairs Branch is charged with controlling education, developing agriculture and other pursuits, administering Indian lands, community funds, and estates, and the general supervision of welfare. An important division of the work is collection and expenditure of the trust fund, derived from the proceeds of sale or lease of lands, timber or minerals and various other sources. This fund amounting to about \$17,000,000, is spent as capital for public works and community equipment, while the interest is disbursed in cash distribution, medical attendance and relief.

EDUCATION, started by missionary enterprise, is now carried on jointly by the government and the churches. There were 346 schools with an enrollment of 18,805 pupils in 1946. Health also demands attention. After their first collision with white men, Indians tended to sicken and degenerate physically. They left their tents and became shack and cabin dwellers. Tuberculosis and infant mortality rates among the Indians in all parts of Canada have been high.

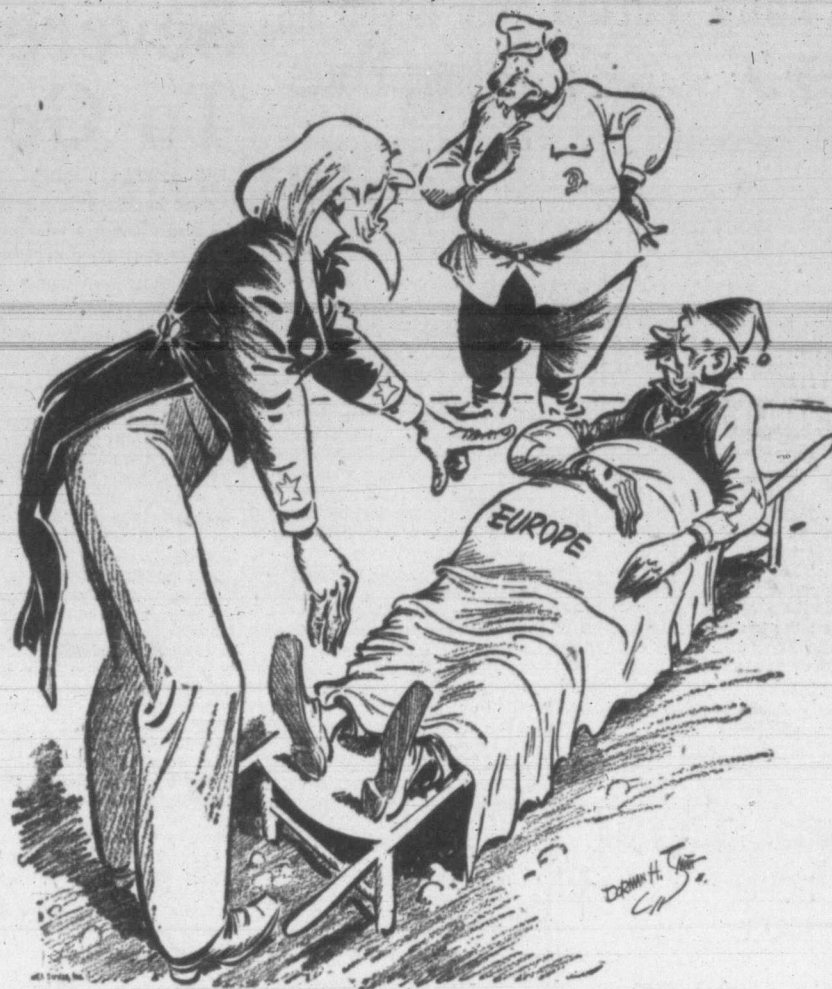

However the Indians of Canada are not a vanishing race. The best estimate available is that there were about 200,000 Indians in what is now Canada at the time of the European invasion. The Indian Affairs Branch takes a census of Indians every five years, and the latest, in 1944, showed a population of 125,686 Indians. This was an increase from 118,378 in 1939 and 112,510 in 1934, or 11.7 per cent in ten years.

THERE ARE TWO SCHOOLS of thought about the future: one favors assimilation, the other seeks a separate Indian racial profile with its own distinctive culture. The most pathetic cases are of Indians who fall between the two—Indians who have been weaned from their ancestral ways and have not gained the place they desire in this new order.

What does the Indian himself want? He is torn between two desires: to be modern, and at the same time to retain his memory and love of his rich ancestry.

Everyone with sympathy for the Indians and care for Canada's obligations will wish success to the parliamentary committee in its search for an honorable and thorough way of discharging the Dominion's responsibilities to these First Citizens of Canada. It is not enough to save the Indian from extinction. If the Indian Affairs Branch can provide a fulcrum to help the Indian reach a new and more satisfying life, it will be a fine demonstration of practical democracy.

'What's There In It For Me?'

Crazy With The Heat

By JAMES THRASHER, From New York

IT'S BEEN pretty hot generally throughout the northern hemisphere these past few days. It's been hot for Andrei Gromyko and Sir Alexander Cadogan. It's been hot for Henry Kaiser and Senator Owen Brewster. And, of course, it's been hot for a lot of less newsworthy people.

We know how Mr. Gromyko et al have been behaving during the heat wave. But perhaps if we consider for a moment how some of the lesser fry have been taking it, we will wind up with a better perspective and a bit of cautious hope.

FEW EXAMPLES

A landscape gardener in Pennsylvania got out on the end of a limb and then sawed himself off. He fell 20 feet and survived.

A young Michigan couple whiled away a sultry evening with a game of Russian roulette—that criminally asinine game in which one chamber of a revolver is loaded, the player twirls the cylinder, pulls the trigger and hopes he has drawn one of the empty chambers. The husband didn't survive.

Members of the White House staff sent back to the artist a portrait he had painted of Mr.

Truman last year. The President had sat for the portrait in a gray suit, with gaily striped bow tie and pocket handkerchief to match. The staff asked the artist to change the ensemble to blue suit, polka dot tie and handkerchief to match. He did.

ABSENT-MINDED

Also in simmering Washington, where congressmen were scolding Howard Hughes for allegedly squandering public funds on wild parties, some of their colleagues were patriotically trying to save the taxpayers' money. The House Commerce Committee had been voted a globe-encircling junket for aviation study, but no funds. So they were trying to panhandle a free trip around the world from the airlines.

The annual carnival at New York's Coney Island was called off because of "insurmountable obstacles," chief of which turned out to be a dearth of pretty girls to ride on the floats.

The judges of a Lions International parade in San Francisco got so entranced looking at a girl in a two-piece swim suit on the Arkansas float that they gave her first prize without checking the state's name. Kansas gallantly gave the \$250 prize back to Arkansas.

We don't know how things were in Glocca Mora, but out in the Irish Sea a man swimming from Eire to Scotland had an awful time because he kept getting fouled up in large shoals of herring.

MAY DO BETTER

And in merry England, where one county recently banned Punch and Judy shows, the heat was giving the Nursery Schools Association of Britain a bad case of the jumps. The membership solemnly asked that "Little Red Riding Hood" be banned as cruel, deceptive, and likely to give children fear complexes.

All this happened in about 48 hours of a hot spell. In the same space of time, let it be remembered, world affairs began looking increasingly dismal. One was reminded that two world wars started at the tag end of hot summers. But maybe if the human race gets through to the first frost without doing anything worse than using its vetoes and its saws at the wrong time, its members can cool off and really do something about preserving peace and restoring tranquility.

A New Idea In Musical Notation

By W. T., in the Birmingham Weekly Post

NO ONE WILL DENY that the existing system of musical notation is far from perfect. It is complicated, difficult to learn, causes endless mystery to the young, and is incapable of expressing the finer subtleties of a composer's thought. We all agree that a new system would be a very good thing, and some people have gone further and actually have produced a new notation. Such a one is Mr. E. T. Haines, of Tenbury Wells, Worcs., who has sent me some details of his invention.

EASILY GRASPED

Mr. Haines has found the answers to all the snags enumerated above except, perhaps, the last. The principles of his system can be grasped in a few moments by anyone without previous musical experience, provided he has access to a piano. It is self-explanatory, and the average child who is frightened away from music by its difficulties, would find the new kind as easy and amusing as a jig-saw puzzle. As for its being a better vehicle for conveying exactly what a composer means, I should say it is neither better nor worse than the usual method.

Like all good reformers, Mr. Haines has started with a program of abolition. Key signatures, sharp and flat signs and bar-lines have all vanished, while bass and treble clefs have no place in the system.

FOUR-LINE STAVE

In the first place he uses four lines for the stave, not five. The lines are respectively C, E, G, and

B, while the spaces represent D, F, and A. C is the note above the stave, so the complete octave is accommodated.

The notes are written in the form of open squares on either side of a double vertical line. Those on the left are an octave lower than those on the right, and are naturally played with the left hand. Thus bass and treble are written on one stave, and there is no occasion for the same note to mean one thing for one hand and something else for the other.

A similar thing happens with

In British Films

U. K. Information Office

EALING, London, seems to be becoming a little corner of Canada in England. At Ealing Studios there are two Canadians working on "Against The Wind." Bob Beatty is one. He makes England his home these days, but he recently returned to Hamilton, Ontario, for a holiday for the first time in seven years.

The other is Paul Dupuis, the French-Canadian broadcaster who made a successful screen debut in "Johnny Frenchman." Paul, too, has settled down in Britain so far as work is concerned, but his family is still in Montreal and he returns there as often as possible. Canada is also represented by two cameramen, Osmond Borradale and Bob Moss, who have just returned from a trip to the Antarctic, where they have been filming background for "Scott of the Antarctic."

Global Survey

By DEWITT MACKENZIE

Associated Press
Foreign Affairs Analyst

Egypt's demand that the U.N. Security Council order Britain to withdraw her troops from the land of the Pharaohs and clear out of the Anglo-Egyptian Sudan, places the council in a most uncomfortable position and increases an already tense situation between the two countries.

Indeed, to quote Egyptian Prime Minister Nokrashy Pasha, things might easily get out of hand in his country unless the council puts an end of Britain's occupation of the valley of the Nile. He says: the intentions of his government are peaceful, but popular resentment cannot be stilled. Moreover, he maintains that the continuance of the dispute is likely to endanger the maintenance of peace and security throughout the Middle East. Britain's answer to this is that the Egyptians have no case, and that the present set-up is provided for in the 20-year treaty signed in 1936.

The Prime Minister's language before the Security Council was pretty strong, and possibly somewhat rhetorical, but there can be no question about Egyptian resentment against the exercise of British influence in Egypt and the Sudan. A quarrel whose focal point is a Moslem nation which is surrounded by sympathetic countries of the same faith, isn't conducive to good health.

PREFERRED FRENCH

The bitterness of the Egyptians against Britain runs back for many decades of British domination. The hostility was particularly strong at the time of the First World War when British established a protectorate over Egypt and appointed Prince Hussein Kamil as Sultan. The Prince was an angry and unwilling figure-head but accepted because he hoped he might do something for his people.

The Egyptian court was so anti-British that no official would speak any English, although many knew the language. French was the official language apart from Egyptian. The aristocracy of the country was educated in France rather than England.

The Sultan forced Britain to toe the mark in the matter of Egyptian court etiquette. He made it difficult for Britons to see him, and never granted an audience of more than 20 minutes. Every man who gained an audience bowed himself into the august presence, kissed the Sultan's hand, and on departure backed out of the room. Even the British High Commissioner, an austere titled personality who in effect was the Sultan's boss, had to kiss the Royal's hand.

TALKED 'OFF RECORD'

Your correspondent had an audience of one hour and 20 minutes with Hussein—without hand-kissing. The Sultan flayed Britain in such terms that had he not been talking "off the record" his statements most certainly would have caused the downfall of his Royal House.

This anti-British feeling has persisted to greater or less degree. Just now it is greater, as Cairo presses its claims to the whole Nile Valley, including the Sudan. Britain warned that the Egyptian arguments for annexation of the Nile territory could apply equally to Ethiopia, Uganda and the Belgian Congo.

Britain has asked that the Egyptian case be taken off the U.N. agenda as without justification. She shows every intention of protecting her interests in the Nile territory.

DEPRECIATION NOTE

Windsor Star

A Briton has applied for a tax reduction on the grounds that his house is haunted. Relief can be granted, perhaps, under a shared accommodation clause.

SAME OLD CHATTER

London (Ont.) Press Press
Few actions delineate more clearly the versatility of Father Time than the gesture of Vincent R. Impellitteri, president of the New York City Council, in telephoning from an automobile in Manhattan to the United States ambassador in Rome in a world's record auto-to-auto telephone conversation. If this sort of thing persists "back-seat" driving should be stimulated. The lady in the rear seat will soon be talking to her neighbor in the rear seat of her car somewhere on another highway, possibly in another state. In time, even in Britain or Australia. It will be a happy release for the driver who will then be left free on his own judgment as a driver, and it will amuse Aunt Susie or Grandma Perkins. But no matter how far you throw it, it is still the old over-the-fence chatter without any appreciable change.

50 years of Breakfast Enjoyment

MILLIONS OF PEOPLE, over the last 50 years, have enjoyed their breakfasts more, because of Grape-Nuts. That malty, nut-sweet flavor in every crunchy, golden kernel is so good!

And Grape-Nuts are so good for you. The fine food values of two grains—not just one. And the digestibility that comes from double-baking. Have you had Grape-Nuts lately? Get some from your grocer. Remember, there are 14 to 16 servings in the new red-white-and-blue Grape-Nuts package. Compare that with other cereals.

Japs In Moose Jaw Camp Holding Out For B.C.; Food To Be Cut Off

MOOSE JAW, Sask. (CP)—The federal government tonight will cease feeding approximately 60 Japanese—described as "hold-outs" by Labor Department officials—who were brought here from British Columbia relocation camps in 1945.

W. W. Dawson, Labor Depart-

ment placement officer, said the group of 33 employables and their families have refused offers of "substantial" relocation grants and transportation to jobs awaiting them anywhere in Canada but British Columbia.

The mess hall at the relocation centre, four miles south of here at former R.C.A.F. flying school, will close tonight and although the occupants will be evicted, they will no longer be fed.

Mr. Dawson said jobs and accommodation are ready for all of them and any wanting to work will be taken care of "immediately." No compulsion has been applied to any of them to accept jobs, but from now on they will be treated as ordinary citizens who had to work to eat.

Opened in 1945, the camp once held more than 200 Japanese, part of the 24,000 moved from the west coast when war broke out with Japan. Most of them have since taken jobs in Canada and some volunteered for repatriation to Japan.

Approximately one-third of the holdout group here are Japanese nationals, Mr. Dawson said, some of them feeling their claims for property seized by the custodian of enemy alien property have not been satisfactorily settled.

Swimmer Drowns As Lifeguards Strike

TORONTO (CP)—At the request of Toronto lifeguards, Mayor Saunders conferred with harbor commission members Tuesday regarding re-employment of the guards who walked off Saturday following refusal by the commission of a 20 per cent wage increase.

The first drowning at a Toronto beach since the resignation of civic-employed lifeguards was reported Tuesday when 11-year-old Rene Thomas was drowned in an area of Sunnyside Beach normally not patrolled by lifeguards. The victim's nine-year-old sister, Irene, who was in the water with him, was revived by police after she was dragged from the lake with her brother.

The drowning followed the rescue Monday night of William Barth, 20, at Centre Island when he suffered chest cramps while swimming off-shore. He was brought ashore and revived by island residents.

It was reported that the lifeguards were willing to report for work on Toronto's unguarded beaches for the original 10 per cent increase provided they be allowed to negotiate for the additional 10 per cent.

Last week harbor commissioners offered the guards a 10 per cent increase on their \$23.40 minimum wage but the offer was refused, the lifeguards electing to stand by their 20 per cent request.

14 Face Gambling, Narcotics Charges

VANCOUVER (CP)—Police last night continued their all-out war on vice, arresting 14 persons on narcotics and gambling charges.

Eight Chinese were arrested in a raid on a downtown gambling den, charged with being inmates and released on \$15 bail. A joint city police and R.C.M.P. raid on an east end hotel room resulted in the arrest of Charles Codd, 32-year-old photographer, David Perry, 48, a waiter, and Frank Stanton, 21, charged with being in possession of narcotics.

Cop Minton, 68, John C. McPherson, 47, and James Farnum, 38, faced similar charges following their arrest in the Fraser district.

Britons Demand Hollywood Pictures

LONDON (AP)—The owners of Great Britain's 45,000 motion picture theatres declared Tuesday they "cannot continue" without Hollywood pictures.

They urged the Labor government to reconsider the 75 per cent tax on foreign film earnings, which provoked American film companies to embargo all shipments of feature pictures and short subjects to Britain.

Help Kidneys In 30 Minutes

If you suffer from Backache, Getting Up Night, Loss of Energy, Bladder Weakness, Burning or Itching Passages, Leg Aches, or Rheumatic Pains, due to Kidney and Bladder troubles, you should try Cystex. Within 30 minutes Cystex usually clears the kidneys clean out excess acids and irritating wastes which may be the real cause of your trouble. And this may quietly help you gain pep and energy—make you feel younger. Unless Cystex quickly brings you satisfactory help from the pains and distress of Kidney and Bladder troubles, simply return the empty package and you get your money back. You have everything to gain and nothing to lose, so don't suffer another day without asking your druggist for Cystex.

Top U.S. Diplomats Fly To Rio To Open Hemisphere Parley

WASHINGTON (AP)—With President Truman ready to give them a personal sendoff, State Secretary Marshall and his front-rank advisers left today for Rio de Janeiro to cement western hemisphere defenses.

Among those on the flight to Brazil in the original White House plane, "The Sacred Cow," were Chairman Arthur W. Vandenberg (Rep.-Mich.) of the Senate foreign relations committee, and Warren R. Austin, United States delegate to the United Nations Security Council and a former Republican Senator from Vermont.

Truman himself will fly to the Brazilian capital later this month or early in September to address one of the final sessions of the conference, called to write a formal military defence treaty for this hemisphere.

Trygve Lie, Secretary-General of the United Nations, left New York's LaGuardia Field early Wednesday aboard a Pan American World Airways clipper for Rio de Janeiro.

William Stoneman, Lie's advisor, accompanied the secretary-general, who will attend the conference as a special observer for the United Nations and give the keynote speech Friday.

Due to open Friday, the conference will be the first meeting of the Foreign Ministers of the American republics since 1942 when they gathered to declare their unity in the war against the Axis.

Tourists Wiping Out Surplus Canadian Funds In U.S. Banks

OTTAWA (CP)—Reports from Buffalo, N.Y., of a heavy demand for Canadian dollars by American tourists planning to visit Canada confirm forecasts made earlier by banking officials here that the tourist season would tend to wipe out any surplus of Canadian currency in the United States.

Buffalo dispatches say the demands upon banks there for Canadian dollars have been so great that one bank which often held as much as \$80,000 in Canadian bank notes had less than \$1,000 one day last week.

New York dispatches said a survey of bankers showed the record-breaking tourist traffic into this country is mopping up the small available supply of Dominion money throughout the U.S. Not only the border banks, but those of New York City are also feeling the pinch.

A large Canadian bank in New York said it would be difficult to fill an order for \$1,000 in Canadian money. A commercial bank, one of the largest in the world, said it might be able to go as high as \$4,000.

Detroit banks reported a scarcity has existed more than a year. The reason for this great demand is that tourists can buy Canadian dollars in the U.S. at the discount fixed in the open market in New York, which today was 7 1/2 per cent, whereas if they paid their expenses while in Canada in U.S. funds they would only receive par, the official rate of Canada's exchange control board.

Exchange experts here say there is no great amount of Canadian currency in the U.S. because the board is strict in allowing Canadian dollars to be exported. In the off-season for tourists, however, the dollars are quite equal to the open market demand.

Name Teacher For School Broadcasts

A Kelowna teacher, A. M. Fotheringham, has been appointed assistant director of school broadcasts for B.C. Dr. G. M. Weir, minister of education, announced.

Mr. Fotheringham received his elementary and secondary school education in Vancouver and graduated from the University of B.C. He has taught in the Peace River district and was on the Kelowna High School staff at the time of his appointment.

He enlisted in the R.C.A.F. in 1942 and saw overseas service as a navigator with a Canadian heavy bomber squadron, operating over Germany. He was awarded the Distinguished Flying Cross.

Dr. Weir stated that Mr. Fotheringham had had wide experience with school dramatic presentations, and was a member of the University Players Club.

Landing Barge Takes Peacetime Cruise

Young Alan Jordan, a summer employee at the Oak Bay Beach Hotel, takes children of the district for a joyride in the landing barge he brought from Vancouver last Saturday "under its own steam." The trip took seven hours, cruising steadily at a speed of 12 knots. "We left Vancouver at 9.30 in the morning and reached here at 4.30," Alan says. "I came through Active Pass, too," he said with a grin. "Hit it right on the nose, first time." The barge belongs to Alan's stepfather, Alfred Horie, of the Horie Construction Company.

Mayhew Withdraws Support Of Airpark If It Is To Be Used For Training Purposes

Unless the original plans of the Memorial Park Association are adhered to, R. W. Mayhew, M.P., told a meeting of the Greater Victoria aviation committee Tuesday, he would withdraw his support from the project to institute an airpark on 57.5 acres of former naval property at Gordon Head.

Mr. Mayhew listened attentively while W. A. Scott, chairman of the Memorial Park Association, presented a progress report in which he strongly criticized what he characterized as the "unprogressive attitude" of elderly citizens of Victoria who were blocking the construction of the airpark. Mr. Scott charged that this was preventing many young Victorians from learning to fly, as well as providing no facilities for private planes.

H. Ralph Seymour, vice-president of the Britannia Branch of the Canadian Legion, said his organization wanted a "place for our sons to learn to fly and carry on the traditions of flying," while Jack Taylor, president of the glider club, said his young people needed better facilities for their glider training than those provided at Lansdowne Field.

It was at this point that Mr. Mayhew objected to any scheme which would put untrained young fliers in planes over the thickly populated districts of urban Victoria. "That is an entirely different picture to that of experienced fliers in private planes coming in for a landing," he declared, stressing that just recently he had been instrumental in getting the army buildings at Gordon Head released for emergency shelter purposes.

"I personally will not endorse any flying training from a small field only 57.5 acres in size, and flying over residential areas," he stated. "Although I will go as far as any of you to obtain a landing field and airpark for Victoria."

FOR SAFETY REASONS

"We have seen enough accidents without having young people learning to fly over house-tops," he continued. "I don't want to be a party to it, if that is your plan." He said he had heard in Ottawa that the original plans had been changed and he objected at that time.

Mr. Seymour demanded "how can people fly and use our airpark once the present pilots are too old if we don't train the young?" He wanted to know "what better way can young citizens have of serving their country in a war if they don't learn to fly," and continued he didn't want his son going overseas without adequately trained reinforcements to back him.

Mr. Mayhew retorted, "Your son and my son didn't learn to fly from 57 acres. The government should provide the necessary training on adequate fields. I don't want my son to learn to fly from 57 acres—I want adequate facilities."

To which Mr. Seymour angrily asked if the government would provide those facilities for the young to learn to fly. "That is another question," Mr. Mayhew answered. "I will go as far as you will in demanding them."

Councillor William Kersey of Saanich interjected that the area at Gordon Head, with the exception of the military buildings, is virtually unpopulated and a person could walk for 10 minutes without finding a house in any direction. "Yes," said Mr. Mayhew, "but could he fly for one minute without being over houses?"

Mr. Taylor pointed out that the Department of Transport would have to approve any plans, and if the federal department would take this responsibility Mr. Mayhew should not object.

"That is all right if they want to take the responsibility," Mr. Mayhew replied, "But I'm not prepared to take it."

WOULD BACK ORIGINAL PLAN

As he got up to leave the meeting, Mr. Mayhew turned to Mr. Scott and said, "I'm probably one of the old fogies you refer to who wants to live in peace. You are new here, if you want something out of Victoria you can't get it by kicking the people in the shins. If your ideas and your plans are reasonable, you will get support and co-operation. If I can be of help in the original plan I will do so."

After Mr. Mayhew had left, Ald. B. J. Gadsden, chairman, called on H. D. Dawson, Saanich engineer, to report on plans for the runways which are needed before Saanich council can pass the rezoning by-law.

Mr. Dawson dealt another blow to the project, when he said that in order to get the two 1,800-foot runways declared desirable by the Department of Transport officials, it will cost "scores of thousands of dollars."

He said that one runway, which went with the prevailing winds, could be constructed fairly easily, but the other one would require a fill of 30 feet at one end and the removal of an eight to 10 foot hump at the other end to get the full 1,800 feet. "It will be a tremendous expense to move the material," he told the committee.

Cyril Jones, assistant city engineer, concurred in this, and said before detailed plans could be drawn the engineers must have exact instructions from the Department of Transport on elevations of runways, grades, and minimum requirements.

S. Chamut, president of the

V.O.N. Attend
731 Cases

That small corps of women who wear the blue and white uniforms of the Victorian Order of Nurses were kept continually busy during the months of June and July, it was announced by the superintendent, Miss Marie Baird, at a meeting of the board held Tuesday morning in the Pemberton Building. Mrs. Jarold Bate presided.

Miss Baird reported 184 new surgical and medical cases and 17 new mothers and babies cases attended. Visits were also made to 886 mothers and babies, 49 cancer and chronic cases, 23 medical and surgical and 373 health supervision, making a total of 2,731 visits. Miss Baird also reported a total attendance of the pre-natal classes of 93.

The six V.O.N. nurses have only five cars between them, Miss Baird said, and in many cases the nurse in attendance has to walk to her case.

Mrs. George Hall, treasurer, reported a gift of \$100 received from the Junior Board, and Mrs. L. B. Horton reported for the nursing committee.

It was arranged that a representative attend the next meeting of the Community Chest, to which the V.O.N. is affiliated.

New Skin Tightener
does Wonders!

Surprise! Delight! Awaits your first trial of NEW SAXOLITE ASTRINGENT CREAM! It not only gives more youthful appearance by temporarily firming, tightening soft skin surface but likewise tends to close up premature fine lines and wrinkles, subduing their prominence! A Proven Remedy
For Sour Stomach

Symptoms of indigestion cause considerable distress to thousands of people. Many find relief through the use of Cal-Bis-Sodex which contains ingredients that gently help alkalize the stomach and restore proper functioning of the digestive system. Cal-Bis-Sodex gives faster relief from the distress of digestive disturbances. Cal-Bis-Sodex is on sale for 35c and 50c at all Cunningham Drug Stores and other drug stores.

Personal Notes

Miss Beverly Scott, Vancouver, formerly of Victoria, has arrived in the city to be the guest of Miss Elizabeth Ciceri, Linden Avenue, for the next week.

Capt. V. S. Godfrey, O.B.E., R.C.N., Mrs. Godfrey and Miss Peggie Godfrey will be the guests of Cmdr. J. C. I. Edwards, C.B.E., R.C.N., and Mrs. Edwards prior to their departure next Monday for Washington, D.C., where Capt. Godfrey has been appointed naval member on the Canadian staff.

Mrs. Dorothy Cox Scruton and her daughter, Miss Julie Scruton, left this afternoon for Vancouver, en route for London, Ont., where they will attend the wedding of Mrs. Scruton's sister, Miss Gwen Cox, which takes place in September. Mrs. Scruton and her daughter will spend the winter in eastern Canada.

Out-of-town guests who attended the Harlan-Robbins wedding Saturday were Mrs. James D. Kendrew and her baby daughter Lynda, Toronto; Mrs. Edward Hardin, Winnipeg; Mrs. J. Greer, Mrs. R. Burton, Miss Lorraine Burton, Miss Nita Burton and Miss Jacqueline Greer all of Vancouver.

Miss Jacqueline O'Connell whose marriage takes place in late August was honored when co-workers in the drapery department at David Spencer Ltd. gathered Saturday afternoon at closing time to present their good wishes. Mr. J. G. H. Harper, manager of the department, presented Miss O'Connell with a set of hammered aluminum serving trays on behalf of the staff.

Peter Mark were the names bestowed upon the three-month-old son of Mr. and Mrs. Clyde Banfield, in a christening service Sunday at St. Saviour's Church, where Rev. G. D. Kendell officiated. Godparents were Miss Eileen Lanigan, Mr. Fred Crewe, Mr. and Mrs. Carl Bell, Newark, New Jersey, for whom Mrs. H. Shandley and Mr. Lorne Shandley stood proxy. Following the ceremony afternoon tea was served at the home of the baby's grandparents, Mr. and Mrs. C. F. Banfield, Craigflower Road.

Married In St. Andrew's Cathedral

LAC. John Southwell and his bride cut their three-tiered wedding cake at the reception following their marriage.

Honeymooning at Harrison Hot Springs are LAC. John Dixon Southwell and his bride, the former Catherine Babulic whose marriage took place at St. Andrew's Cathedral, Saturday morning at 9 o'clock with Father J. L. McLellan officiating.

The bride is the daughter of Mr. and Mrs. O. Babulic of Swan Plain, Sask., and the groom's parents are Mr. and Mrs. Arthur Southwell, 1215 Chapman Street. Traditional orange blossoms held the bride's floor-length veil which misted over her gown of white Swiss organdy designed with long sleeves that slimmed to the wrist, sweetheart neckline and full skirt. Given in marriage by her brother-in-law, David McCulloch of Vancouver, the bride carried a bouquet of pink carnations and mauve sweet peas.

A bouquet of yellow carnations and mauve sweet peas were carried by the bride attendant, Miss Alice Cheriwick, who wore a gown of pink taffeta featuring full net skirt over taffeta and long white gloves. A headdress of sequins held her shoulder-length veil.

The groom chose as best man, Charles de Macedo, Fred Southwell, brother of the groom, and Aleck Quinn acted as ushers.

David McCulloch proposed a toast to the bride at a reception held at the home of groom's parents, Chapman Street, where Mrs. McCulloch, sister of the bride, and Mrs. Southwell received guests. Multi-colored sweet peas and gladioli and white candles flanked the three-tiered wedding cake, topped with miniature bride and groom, and centering the lace-covered refreshment table. Miss Joan Edwards, as soloist, sang "Because."

For her honeymoon the bride chose a two-piece brown pin-stripe suit, brown accessories and a pink crownless straw hat. A corsage of rosebuds and heather completed her ensemble.

LAC. and Mrs. Southwell will make their home in eastern Canada.

Jennie Robbins Weds
Norman Harlan

Red and white gladioli and asters decorated St. Alban's Church, Saturday evening, for the marriage of Jennie Doreen, younger daughter of Mr. and Mrs. W. H. Robbins, 2511 Forbes Street, and Norman Roy Harlan, only son of Mr. and Mrs. E. B. Harlan, Whaletown, B.C. The double-ring ceremony was performed by Rev. F. Comley.

The bride, given in marriage by her father, was gowning in white whisper taffeta styled with sweetheart neckline, short puff sleeves and full skirt with bustle-back. From a halo of orange blossoms her embroidered veil fell to her finger tips. A single strand of pearls, gift of the groom, and a bouquet of red roses centred with gardenias completed her ensemble.

Mrs. James Kendrew, sister of the bride, as matron of honor, was gowning in blue taffeta; Mrs. Edward Harding, in old rose, and Miss Helen Ree, bridesmaid, in turquoise taffeta. All attendants wore small halos of ruffled net and lace mitts to match their gowns. They carried Colonial bouquets of carnations.

Douglas Tuttle, attended the groom and Dennis Pugh and James Jenkins acted as ushers. J. W. Walton, organist, played the wedding music and Miss Kathleen Drysdale sang "O Perfect Love."

Mrs. Robbins and Mrs. Harlan received guests with the bridal couple at a reception held at the Odd Fellows Hall. A three-tiered wedding cake, made by the mother of the bride, was set in pink tulle and flanked by white tapers in silver holders and sweet peas. Mr. William Pugh Sr. proposed the toast.

For her honeymoon trip to Seattle and Portland the bride changed to a black and white Glen check suit with a smart grey gabardine topcoat trimmed with red, white accessories and gardenia corsage bouquet.

Mr. and Mrs. Harlan will make their home in Victoria.

Ever think of putting casters on your kitchen table so you can move it about easily? It's quite a help if you've too few work surfaces in your kitchen.

Club Calendar

Daughters of St. George, Princess Patricia 238, K. of P. Hall, Cormorant Street, Friday.

In aid of W.A. to First United Spiritualist Church, a silver tea will be held at home of Mrs. William Ralph, 157 Wellington Avenue, Thursday, 2 to 5.

Garden Tea Planned For
Aged Women's Home

A garden tea is being arranged by the City Council of Beta Sigma Phi Sorority for Aug. 23, from 3 until 5, in the grounds at the Aged Women's Home. Mrs. Percy E. George, wife of Victoria's Mayor, will officially open the affair at 3 o'clock. A sale of work, the articles for which have been made by residents of the Home, will be held during the afternoon. Entire proceeds will be used in maintenance of the Home.

Britannia Branch, Canadian Legion picnic, Aug. 23, at Deep Cove. Members can obtain tickets for transportation at the secretary's office not later than Aug. 14. Buses will leave the branch auditorium at 10, 11.30 and 1 o'clock.

Women Set Goal
Of World Peace

TORONTO (CP)—The International Federation of University Women has set its sights along the path of world peace, and this thought was uppermost in the mind of every delegate present at the convention today.

"Our hands, accustomed to using weapons, are very clumsy in their attempts to collect the delicate threads of peace," Dr. Stanislaw Adamowicz of Warsaw, international president, told the 500 L.F.U.W. members gathered here from every corner of the globe.

"Our minds concentrated for so long on destruction have lost their flexibility and are moving at a very slow rate towards constructive ideas."

Dr. Adamowicz paid tribute to the L.F.U.W. fellowship program which has made great strides toward international good will, through "... creating a new body of wandering scholars migrating from one country to the other."

An L.F.U.W. by-law, which states that there must not be any discrimination in any university women's association because of race, religion, or political opinion, was reaffirmed by delegates.

During the last war this by-law became a moot point, and because of it many an organization in the oppressed European countries had to drop out of the federation.

Speakers during today's sessions include Mrs. R. F. McWilliams of Winnipeg, first president of the Canadian Federation of University Women, Mile. Jeanne Chaton of Paris, and Dr. Maria De La Luz Grovas of the University of Mexico.

How not to brain innocent bystanders, with a flower pot: Place old jar rubbers under pots on shelves or window sills to anchor pots.

Dorothy Dix

Dear Dorothy Dix: I am to be married in September and my fiancé's sister is also to be married at the same time. We are worried about one thing: Is it bad luck to have a double wedding and to have two brothers and sisters in one family marry in the same year?

CANDY.

Answer: Don't be silly. There is no such thing as luck in marriage. It is the judgment you showed in picking out your mates that determine whether a marriage is a success or a failure, and whether it is double or single has nothing to do with it. Don't be a senseless superstition worry you.

How not to curdle hot milk-egg mixtures. Add sugar, if any in recipe, to the beaten egg before adding milk. Then add hot milk to the beaten egg mixture a little at a time. Finally, don't over-cook.

Bring Domestic Help To Canada From German D.P. Camps

Representatives of the Departments of Labor and Immigration are seen in front of the Confederation Building, Ottawa, prior to their departure for Europe, where they will help select domestic workers for Canada from German Displaced Persons Camps. Left to right: Mrs. Edna Whinney, M.B.E., and Miss E. Appleton of Ottawa (Immigration), Miss E. Amas, Saskatoon (Labor), Miss Daisy Lodge, Ottawa (Immigration), Mme. Florence Martel of Montreal (Labor) and Miss C. Grant of Holmum, Ontario (Immigration), are not shown.

Cold Pack — Leave tomatoes whole, or cut in halves or quarters. Pack tomatoes to 1/2 inch of top, pressing gently to fill spaces. Add no water. Add 1/2 teaspoon salt to pints; 1 teaspoon to quarts. Adjust jar lids. Have water in canner hot but not boiling, to prevent breakage. Heat to boiling. Process in boiling water bath at 275 degrees F. 35 minutes; quart jars, 45 minutes. As soon as jars are removed from canner, complete seals if closures are not of self-sealing type.

Diamonds, Pearls Adorn Paris Gowns

PARIS (AP)—A huge diamond tiara and a matching necklace, worth \$210,000, were among jewels which adorned gowns shown yesterday by Balenciaga.

Some gowns adorned a bridal dress of white satin, close fitting with a pelum. The tulle skirt was caught in the tiara, wound around the up-caught hair. The decolette was decorated with a diamond embroidery and a diamond choker-necklace.

Balenciaga, who some years ago initiated the hippy silhouette now shown everywhere, seems to be reverting to rather straight lines. His jackets are slightly longer and most of his skirts remained at mid-calf.

Many coats were straight and unfitted, with shades of red predominating.

While some fashion houses have been lavish with fur, for lining and trimming, Balenciaga has used it cautiously. Some dressy suits had a pelum effect and were rather narrow.

As for hats by Balenciaga, they were rather like mandarin hats, made entirely of pearls, or treated in gold brocade.

Asked whether American women were bucking at the long skirt, one buyer said: "They had a foretaste of longer skirts last spring and I do not think they will object to this new 12 to 14 inches from the ground effect decreed by the Paris collection."

Fashion Designers Put Women On Own

PARIS (AP)—You will have to do a little hem dropping on everything in your wardrobe to be a la mode, but leading designers seem to be putting the fashionable women on their own this fall.

There are a la carte menus in styles stretching from hobbie skirts to the graceful billowing princess silhouette. But you can relax if worried, because the first and decisive round of fall collections shows that the long, below-the-calf skirt is not a must this season, even though it is creating the sensation at the fall showings now underway here.

Schiaparelli and other leaders are showing just as many mid-calf-length, free-swinging skirts as they are showing long and tight ones that restrict movement.

In brief, there need be no tug-of-wars with bedposts to lace recalcitrant waists down to 22 inches, any more than you need

walk with tiny mincing steps because your legs are cramped in a narrow skirt but 12 inches from the ground.

If you have the figure that can take it and the will to wear it, then Paris says you can have it. But the dress designers in Paris this season leave that decision to you.

PLAZA THEATRE

"Hungry Hill," starring Margaret Lockwood and Dennis Price, tells of the feud between two families, the Brodricks and the Donovans, over the sinking of a copper mine in Hungry Hill by John Brodrick, known as "Copper John." The Donovans think the land should belong to them, though dispossessed over 200 years before, and Morty Donovan curses John Brodrick and his sons, and their sons after them, for violating the good earth under the hill. The film is now showing at the Plaza Theatre.

Where To Go Tonight

(As Advertised)
ATLAS—Betty Hutton and Sonny Tufts in "Cross My Heart."
CAPITOL—"The Trouble With Women," starring Ray Milland and Teresa Wright.
DOMINION—Joan Blondell and George Brent in "The Corpse Came C.O.D."
OAK BAY—Valerie Hobson and John Mills in "Great Expectations."
PLAZA—"Hungry Hill," starring Margaret Lockwood.
RIO—Gene Tierney and Dana Andrews in "Laura."
ROYAL—"The Yearling," starring Gregory Peck and Jane Wyman.
YORK—James Cagney and Ann Sheridan in "City for Conquest."

ROYAL THEATRE

Director Clarence Brown filmed "The Yearling," current attraction at the Royal Theatre, on salt, ice and water!

With humidity intense and temperatures constantly hovering around the 100 degree mark in the northern Florida scrub country where the Marjorie Kinnan Rawlings Pulitzer Prize novel was filmed against original backgrounds of the story, Brown's crew of about 100 consumed daily: 200 sodium chloride tablets, 600 pounds of ice and 90 gallons of bottled spring water—almost a gallon per man!

DOMINION THEATRE

George Brent, starred with Joan Blondell in Columbia's "The Corpse Came C.O.D.," now at the Dominion Theatre, has given up his flying activities in order to devote more time to his yachting and raising of thoroughbreds. Brent recently purchased a 50-acre "thoroughbred nursery" at Lake Sherwood near Los Angeles.

ATLAS THEATRE

Two of Hollywood's favorite stars are teamed in Paramount's new comedy, "Cross My Heart," which is now at the Atlas Theatre. They are Betty Hutton and Sonny Tufts, and report has it that their talent for making people laugh has never been displayed to better advantage.

"Cross My Heart" tells the uproarious story of a girl who can't help lying when she gets into any sort of trouble and, somehow, she's always getting into trouble. Betty plays the girl, in love with a struggling lawyer, portrayed by Tufts, whose excessive honesty interferes with his career.

CAPITOL THEATRE

The acting bug bit Brian Donlevy when the Hollywood star took part in Academy theatricals during his year as a Naval Cadet at Annapolis. After leaving the navy, Donlevy got his first Broadway break from the late Louis Wolheim, who got him a part in "What Price Glory?"

Donlevy's latest picture is Paramount's "The Trouble With Women," now at the Capitol Theatre with Ray Milland and Teresa Wright also starred.

OAK BAY THEATRE

In "Great Expectations," now showing at the Oak Bay Theatre, an outstanding performance as Pip, the young blacksmith's apprentice whose great expectations come true when he is left a fortune, is given by John Mills, and playing opposite him in the role of the proud and lovely Estelle, is Valerie Hobson.

Rockefeller Plans For Underprivileged

By MARC J. PARSONS

NEW YORK—Nelson Rockefeller's grandfather made millions and gave away dimes as a hobby. But Nelson, after a distinguished career in public service, is preparing to spend millions on an experiment that he hopes will raise the standard of living throughout the world.

Starting in Venezuela and Brazil the 39-year-old grandson of John D. is ready to begin spending oil money—his own, his brothers' and that of two petroleum companies—to provide better food, more healthful living condition, better jobs and better opportunities for the world's underprivileged.

Rockefeller and his associates deny that their plan is an attempt to fight Communism with dollars. It was conceived, they insist, long before there was any apparent need for combatting Communist expansionism.

"You might call it 'reasonable capitalism,'" says Francis A. Jamieson, one of the associates. His idea is partly good neighborliness, conceived before World War II and perfected during the years he served as Co-ordinator for Inter-American Affairs and as Assistant Secretary of State for Latin American Affairs.

But it goes much deeper. He believes that venture capital, following in the trail he is blazing, can make reasonable profits from untapped sources. And he is convinced that by building up the bad economic condition of other parts of the world he can help preserve this country's high standard of living.

HIGHER STANDARDS

"We cannot have peace and security without improving the economy in other parts of the world," he explains. "We cannot hope to keep the high level of production and employment, which is the basis of our present standard of living, unless we help raise the world standard of living so that other people can and will buy from us."

Having mulled over his idea for years, as soon as Rockefeller left the State Department he got together with his brothers and planned a concrete program. The initial planning cost between one and two million dollars. They got the co-operation of two oil companies, which will put up \$13,000,000 but will have absolutely no control over how the money is spent.

The Rockefeller scheme has two parts. One is non-profit. This will be handled by the American International Association for Economic and Social Development (the A.I.A.). A third of the oil companies' money is an outright gift to the A.I.A.

The A.I.A. will co-operate with local governments to establish rural demonstration and seed farms, to experiment with crop rotation, to provide training programs of various types, such as the agricultural extension services do in this country.

It intends to supplement 54 co-operative agreements which the U.S. Institute of Inter-American Affairs has with Latin American governments covering agriculture, education, public health and the like.

"To illustrate how it will work," says Rockefeller, "consider the matter of fresh water in the Amazon valley during the war."

"In three of the most important rubber area towns the U.S. installed filter systems. As a result, 15 other towns in the Amazon valley came to us and said: 'Look. If you will put in such systems for us, we will raise the money to pay for them.' We did, and health and sanitation conditions were improved in all these towns."

"We believe that the demonstration farms and similar programs of the A.I.A. will create

In Venezuela, native children show Nelson Rockefeller some of the fruits of A.I.A. work in their country's agricultural program. Rockefeller millions back A.I.A.'s non-profit program.

similar spreading interest in other lines."

The other phase of the program is frankly money-making. It will be handled by the International Basic Economy Corporation and subsidies for each country, of which two—for Venezuela and Brazil—have been formed already.

But these will not seek enterprises where the greatest profits can be made. They will enter those fields where there seems to be the greatest need for goods or services to benefit the greatest number of persons.

"We will get a picture, in each country, of the most urgent needs," Rockefeller says. "We will determine the areas where there are shortages of production—either in goods or in services or both."

"We will create corporations, to operate on sound business principles for reasonable profits, to supply the needed goods and services. These also should create new wealth and therefore new capital, should expand the economies of the countries and raise their standard of living."

"We shall organize and operate the corporations in co-operation with local interests. Half the cap-

CUTTING DOWN POLIO FATALITIES
By WILLIAM A. O'BRIEN, M.D.
Although most fatalities from poliomyelitis result from virus infection of the upper end of the spinal cord and surrounding brain tissue (bulbar poliomyelitis), it is only recently that effective methods of treating this complication have been devised.

The virus of poliomyelitis may attack anyone of the 12 pairs of cranial nerves which originate in the brain, as well as those nerves which start in the spinal cord. Although paralysis of the eye muscles, pupils, face and ear may occur, there is no threat to life from this complication. Serious difficulty develops when the nerves of swallowing and speech are affected, as this causes saliva and food to collect in the throat and produces obstructions to breathing.

Researchers discovered that suction, postural drainage and placing a tube in the throat save many lives. Signs suggesting infection of the brain in infantile paralysis frequently clear up when oxygen is given through a mask, or in a tube placed in an opening in the trachea. They warn that special tests should be made, if signs of oxygen-lack appear, as the brain symptoms which develop in some of these cases are the result of anoxia and not infection.

The brain centre for the control of circulation may be affected in poliomyelitis and when this complication occurs, treatment is difficult. Patients with general or spotty infection of the brain show greater anxiety and apprehension than usual.

IRON LUNG CONFUSION
Some patients in the respirator (iron lung) also become confused and develop ideas of persecution involving their nurses and physicians. They can be brought back to reality by lighting the room more brightly, letting them look out of a window or permitting them to receive a visit from a member of their family.

The respirator proves invaluable in cases in which the spinal cord in the neck is affected. When this type is complicated by bulbar poliomyelitis, the outlook proves more serious in adults than in children. Treatment for difficulty in breathing, which stems from infection in the brain's breathing centre, responds in some cases to the administration of oxygen as well as to the respirator.

Recent developments in medical knowledge of bulbar poliomyelitis include a better understanding of the many varieties which can develop and a more exact treatment for each type. The fatalistic view of bulbar poliomyelitis has been changed to one of optimism.

Victorian On Council Of Knights Templar
SAINT JOHN, N.B. (CP)—Dr. B. S. Bailey of Winnipeg became Supreme Grand Master of the Sovereign Great Priory of Canada (Knights Templar) as the religious and military order concluded its 64th annual assembly Tuesday. He succeeded James Stanley Hoyt, Saint John, who completed a two-year term. The grand council includes C. Junget, Victoria.

SECRETARY BIRDS SEEKS FIGHTS WITH SERPENTS
A tall bird of Africa is known as the "secretary" or "secretary bird." It is famous for its custom of killing snakes.

The bird was named before the typewriter was invented. In those days a secretary was a man who wrote with a quill pen. Often he would place such a pen above one of his ears, to keep it there until he was ready to write the next time.

The secretary bird has several feathers which stand out behind its head, and these may make a person think of the old quill pens of the past.

Southern Africa is the home of most of these birds, but there are some in the part of Africa called the Sudan.

The height of a full-grown secretary bird is from three to four feet. Seen from a distance it may make a person think of a crane, but at close range it is found to differ from any member of the crane family. Its feathers are black, gray and white.

Good-Will Visits Made By Kiwanians

In an effort to foster greater understanding between Canadians and Americans, the Victoria Kiwanis Club is actively participating in a series of "across the border" visitations.

Last week the Victoria club played host to over 100 Kiwanians and their families from Olympia, Wash., and Salem, Ore. Next week the Victoria club will pay a visit to the Port Angeles club. The following week members of the Port Angeles club will return the visit when they come to this city as guests of the Victoria club.

At the regular Kiwanis meeting Tuesday in the Empress Hotel, entertainment was provided by the club's music committee. T. J. McCann, committee chairman, arranged the program. William Darvall played two piano selections and Will Saunders sang.

A colored film of Victoria and Vancouver Island scenic views was also included on the program. The film was made by the B.C. Travel Bureau for publicity purposes.

"This film shows us how fortunate we are to live in such a beautiful spot," Mr. McCann remarked.

The annual Kiwanis fish derby will be held in Saanich Inlet Aug. 22, Reg Hayward Jr., announced. Boats will leave the Anchorage, Brentwood, at 1.30.

Keep Parking Meters Operating

G. T. Major, left, and G. H. McCoy, right, are seen with the little green pushcart which will soon become a familiar sight on Victoria streets as the two men clear parking meters of the coins, and service any which get out of commission. The parking meters are divided into zones, so that each meter is cleared of its coins every five days. The men have keys to unlock the coin boxes and they are then dumped into a strong box mounted on the pushcart. The other box contains two or three spare meter heads and a tool kit for repair work.

Czechs Surprised To Find Jamboree Not Antagonistic

MOISSON, France (AP)—East-west antagonisms appeared Tuesday to have dissolved completely among the Boy Scouts attending the world scout jamboree.

Czechoslovak scouts—only representatives were of Slav youth—found themselves pleasantly and unexpectedly surprised by the warmth of their welcome, and pamphlets they brought with them to plead for understanding of Slav youth remained in their headquarters tent, undisturbed.

The Czechoslovaks had been in a delicate position with regard to the jamboree. A rival international youth meeting now is being held in their own country, and it is being boosted enthusiastically by the Communist press, in opposition to this jamboree.

Hungarians, also have been welcomed here. Hungary at first had arranged to send 485 scouts, but Russian authorities canceled the departure of the group. Later the Russians agreed to let 100 go and, after protests, increased the number to 200.

Polish scouts have been excluded as members of a political movement violating scout principles. The Russians, who have no scout movement, were invited to send observers, but none came.

Urge Special Meet Of British House To Check On Crisis

LONDON (CP)—The supplies and services bill giving the government emergency powers to today passed its final stages in the House of Lords as Parliament prepared to adjourn.

The Marquess of Salisbury, Conservative leader in the Lords, said Tuesday night that his group would not oppose the bill—widely criticized by opposition leaders and by a few Labor members of the House of Commons.

Lord Salisbury said, however, that he believed Parliament should meet again in three weeks and other Conservative peers rallied behind a motion for a special summer session to guard against abuse of the government's crisis powers.

Today's scheduled adjournment comes after one of the most momentous sessions in British parliamentary history—during which more than half the Labor administration's five-year program of nationalization was completed.

Adjournment—not prorogation—was called, a procedure allowing members to be called back to Westminster at brief notice if home economic difficulties or international developments require such a step.

Tentative date for resumption has been set for Oct. 21, but many members urged an earlier meeting. Already the present session has been prolonged three days because of the crisis powers legislation.

Before acting on the motion for a summer meeting, the House of Lords was scheduled to consider possible amendments to legislation giving the government almost unlimited powers to deal with Britain's growing economic crisis.

Canada's 1st Flier Named Lieut.-Gov.

OTTAWA (CP)—Prime Minister King announced tonight the appointment of John Alexander Douglas McCurdy of Baddeck, N.S., as Lieutenant-Governor of Nova Scotia, succeeding Hon. H. T. Kendall, whose resignation has been accepted.

Mr. McCurdy, 61, is distinguished as Canada's first flier, having made the first airplane flight in the Empire on Feb. 23, 1909, at Baddeck, N.S.

He long has been connected with the aircraft industry and during the war served as assistant Director-General of Aircraft Production at Ottawa and supervisor of purchasing and assistant director-general of the aircraft production branch of the Department of Munitions and Supply. He now is president of Montreal Aircraft Industries Ltd., Montreal.

LONDON — Despite the fact that the air-speed record was lost to the United States, the United Kingdom will make no attempt to regain it this year. It is probable, however, that another attempt will be made in 1948 after a study of new engines.

Young Victoria Turns Out For Baseball School

When members of the Victoria Athletics professional ball club showed up at Athletic Park yesterday morning for the opening of the two-day baseball school they were greeted by close to 300 youngsters, ranging in age from 9 to 20 years. Manager Ted Norbert, with the assistance of Vic Masto, Bill White and Joe Blankenship put the lads through stiff workouts and reported at the finish there were several promising prospects. The older boys were out again today for another session under the pro instructors. Next summer it is hoped to have the New York Yankees conduct a school here.

Martell Moves Safely Through Golf Opening

ROYAL QUEBEC GOLF CLUB, BOISCHATEL, Que. (CP)—A field of 64, bolstered by a galaxy of highly competitive golfers who drew byes in the first round, took up the challenge today in the 43rd Canadian amateur golf championship to unseat champion Henry Martell, of Edmonton. The unseating of the Edmonton policeman promised to be a pretty difficult job, but there were those in the gallery—expert and not so expert—who still predicted an all-American final Saturday.

Martell went easily through his first round yesterday with a 5 and 4 victory over Antoine Huot of Royal Quebec and was given the nod over Gordon Beattie today in the second round.

But still in the running were five Americans, headed by Frank Stranahan of Toledo, Ohio, and Skeel Riegel of Upper Darby, Pa., both Walker Cup winners, and on form they were expected to be right up there at the finish Saturday when the 36-hole final will be played.

The Canadian representatives in yesterday's first 18-hole round of match play came through largely as expected and by sheer force of numbers could kill off the American opposition but it promised to be no easy job.

Even Martell himself, winner for the first time last year at Edmonton, figured Riegel the man to beat for the title. Riegel yesterday put on the most convincing show of all by disposing of Jean Langellier of Quebec St. Patrick's 9 and 8, and started out today against Mike Pidlaski of St. Boniface, Man., who played for Manitoba Monday in the inter-provincial championship, won by Ontario.

Stranahan was drawn against Leo Bourgault of the home club and was expected to win without trouble.

HORVATH WINNER

Martell had a host of Canadian aspirants behind him. Rudy Horvath, of Windsor, Ont., low scorer for Ontario's winning in-

terprovincial Willingdon Cup team, came through yesterday with a convincing 6 and 5 win over Ray Benoit of the home club.

Phil Farley, of Toronto Scarborough, who has won the Ontario amateur title five times ran into a bust-em-open golfer in John Dukelow of Granby, Que., and barely squeezed through to a one-up victory.

Farley today was drawn against Geoff Cooke, the 20-year-old provincial champion of Saskatchewan from Prince Albert. Felix Torza of Hartford, Conn., still another American threat, was drawn today against Percy Clogg of Vancouver, who yesterday won 4 and 3 over Danny Derome of Isle d'Orleans, Que. Torza had a bye yesterday.

Mike McConvey of Montreal Laval, moved into the second round with a none-too-convincing one-up victory over British Columbia's junior, Bill Mahwinney of Vancouver. Three putts on the extra 19th hole cost Mahwinney the match.

HENRICH INJURED

NEW YORK (AP)—Tommy Henrich, New York Yankees' outfielder, probably will be out of the line-up for two or three days because of an ankle injury, Dr. Jules Gordon, club physician, said today.

Dr. Gordon said X-rays showed Henrich was suffering from a "slight effusion of the right ankle, nothing serious."

Young Players Fail To Learn Inside Baseball Claims Baker

SALISBURY, Md. (AP)—Frank (Home Run) Baker, one of baseball's greats of yesteryear, bemoaned yesterday the inability of youngsters to obtain coaching on "inside baseball" in the minor leagues.

"I don't think enough emphasis on inside baseball is made by our present minor league managers," the one-time king of the home run clouters told the Salisbury Kiwanis Club.

"For instance, proper bunting, sliding, hit and run, and general baseball knowledge that young-

sters should know," he added.

The 61-year-old Baker hastened to explain the fault was not entirely with the managers.

"I do not know whether it is the fault of the sponsoring major league groups, or the managers themselves, who are apparently qualified."

Baker pointed out in further explanation that many of the minor league managers are required to play with their teams, thus lacking the time to devote to properly developing rookies for the major leagues.

Homers, Arnold Too Much For Chiefs

Victoria Athletics dug deep into their bat bag last night and came up with some real ho-ho-run bludgeons to blast Wenatchee southpaw John Day clear out of the ball park and mark up their second straight W.I.L. victory over the cellar occupants 8 to 4.

Breezing along on the strength of a 3 to 0 lead Day must have figured the "Long Toms" had opened up on him in the third as three circuit blows featured a seven-run uprising. Despite the win the A's slipped further behind the rampaging Vancouver Capilanos who swept a doubleheader from Salem.

Second baseman Leo Righetti opened the fatal third in an auspicious fashion by drawing a walk. Pitcher Bob Jensen lined a single to right field. After Pat Patterson went down swinging Johnny Hooper stroled to the plate and lifted Day's first pitch over the centre field fence to tie the score. Bill White followed with another first-pitch home run. Vic Masto got free passage to first and the crowd went wild as first sacker Jack Harshman wasted no time by pasting Day's first offering out of the park.

That was all for Mr. Day as submarine artist Bob Condon took over and was greeted by a double into right field by Johnny Cavalli. Righetti, up for the second time, dropped a single into left field scoring with the seventh run.

SECOND HOMER

Harshman kept up the home run parade with his second round-tripper in the fifth for his 33rd of the season. The Victoria slugger needs only seven more homers to tie Bill Barisoff's league record of 40 established last season.

Sharing honors with the Victoria sluggers was pitcher Jim Arnold. The cool right-hander was rushed into the breach in the fifth inning when Jensen ran into a streak of wildness and loaded the bases on three walks and a single, the last pass forcing in a run. With only one away Arnold struck out Andrade and forced Estes to line out to Righetti. For the rest of the way Arnold gave up a lone hit and received credit for the victory. It was Arnold's best home showing this season his fast ball showing plenty of zip while his curve was breaking off sharp. Jensen, although wild, was throwing the ball hard again and shows promise of regaining the form which earned him a strikeout record last season.

Victoria and Wenatchee will wind up their series with a doubleheader tonight, starting at 7. Bill Woop will work the seven-inning opener for the A's with Len Kasparovitch getting the call in the finale.

Business manager Reg Patterson stated today he had received no word on a catching replacement for Bill Anske, forced out of the line-up with a broken finger suffered in Salem last Sunday.

BREMERTON WINS PAIR

The pennant-hungry Bremerton Bluejackets, slugging out a pair of victories over Yakima, raced into a dead heat with Spokane today for the lead, with Salem, yesterday's co-leader, tumbling to third place on the heels of the double loss to Vancouver.

Bremerton walloped Yakima 14 to 9 and 9 to 5 while Spokane batted out a 5 to 1 win over Tacoma. Vancouver, victorious in 19 of their last 21 starts, turned back Salem 2 to 1 and 7 to 1.

Spokane, clinging tenaciously to its No. 1 spot, exploded for four runs in the eighth inning to break up a 1 to 1 pitching duel between Bob Costello and Gordon Walden.

Bremerton bunched four runs in the first and third innings, and five in the fifth to stow away the first game despite home runs by Yakima's Henry Robinson and Keith Simon. Another big frame, a five-run third inning, sewed up the second contest. Joe Sullivan and Johnny Marshall each won their 12th victories during the night.

Vancouver scored early in both wins over the Oregonians, sneaking over two tallies in the second inning of the first game and four

Jubb, Salmon Victors As Victoria 'Y' Captures Aggregate Swim Title

With the 24th annual Canadian amateur swimming and diving championships now history, Canada's top natators are today wending their way back across the Dominion, some with new titles in their grasp, others dethroned from their lofty positions, but all agreed that the recent two-day meet staged in the Crystal Garden was one of the finest ever presented in the history of the title galas.

One of the features of the championships, which saw the Victoria Flying "Y" team capture aggregate honors, was the assured future of swimming as one of the country's leading sports.

The great galaxy of junior stars, both boys and girls, who represented every corner of the Dominion in this year's gala, and the band of competition put up by these future greats, should definitely enable Canada to pick a highly representative unit for the 1948 Olympic Games. Never before has the Dominion been blessed with so many up and coming young prospects.

Taking the honors in the junior men's division and walking off with the grand aggregate title with three firsts and one second, was Eric Jubb of the "Y." The stocky well-built splasher of that grand bunch of Joes and Jills from the Flying "Y" last night added the 20-yard freestyle championship to his first night's victories in the 100-yard freestyle and the breaststroke.

Defending his Canadian backstroke title, Jubb was forced to concede defeat to Peter Mingie of Montreal. It was his only loss in the four events.

SALMON WINNER

Peter Salmon added the 200-yard breaststroke title to his long list of accomplishments by defeating teammate Len Coverdale. Although it was Salmon's only win of the two-day presentation, the bespectacled swim star came up with a grand performance in the 100-yard freestyle, finishing third behind the United States pair of Pete Powelson and Dick Campbell. Powelson, who swims like he was born in the water, was only 3-10ths of a second off the Canadian record in marking up his second victory.

Vivian King, the slim, dark-haired girl who came out of the prairies unheralded and unannounced as championship material, took home the senior women's aggregate title by adding the 400-yard freestyle crown to her first night's triumph in the 100-yard event.

Doris Geldard, cute mermaid from Toronto won the 100 yard backstroke title from Joan Morgan of the Y.M.C.A. in the closest race of the evening. Miss Morgan barely missed catching the eastern star in a photo finish.

Another Toronto swimmer, Eleanor Ebsary of the Dolphin Swimming Club, annexed the junior women's 100 yard breaststroke with Mayfayne Nixon of the "Y" taking third.

ATHANS DIVING CHAMP

George Athans, scored a near record number of points in retaining his senior men's diving crown. The performance of Athans ranked as one of the best ever displayed here by the popular Vancouver star. Donald Thom, grand veteran from Edmonton, finished in the runner-up spot with Ted Rau of Victoria third.

In the evening the divers returned to the pool and put on a brilliant display before the capacity house. Members of the Royal Canadian Navy displayed their flying trapeze act which added spice to the program.

Victoria Y.M.C.A., with Eric Jubb swimming a terrific anchor, annexed the junior men's relay with Manitoba, second, and Victoria A.S.C. third. Kay McNamee, junior star of Percy Norman's mainland club provided the thrills of the women's senior 400 yard relay when, swimming the third lap of the event, she came from far back to give her club a 15 foot lead entering the final 100 yards. Victoria "Y" finished third.

Glenna Marie Mills of the undefeated Fergus relay team took home another title to the little eastern Ontario town as she splashed her way to victory in the 100 yard junior freestyle.

Miss Mills is now holder of the Ontario, Quebec and Canadian titles and looms as one of the country's future stars. She has yet to taste defeat.

During an intermission in the program Canada's leading swim coaches and celebrities were introduced to the crowd each stepping up in turn to receive a well-deserved hand.

Results follow:
 100 yards backstroke, senior women—1. Doris Geldard, Marmad S.C., Toronto; 2. Joan Morgan, Victoria Y.M.C.A.; 3. Norah Kirkpatrick, Vancouver A.S.C.; 4. Ina Salmon, Victoria Y.M.C.A. Time, 1:11.6.
 200 yards freestyle, junior men—1. Eric Jubb, Victoria Y.M.C.A.; 2. Allen Glicker, Marmad S.C.; 3. Victor Chait, Ocean Falls S.C.; 4. Jack Morgan, Victoria Y.M.C.A. Time, 2:15.7.

100 yards breaststroke, junior women—1. Eleanor Ebsary, Dolphin S.C., Toronto; 2. Mary Page, St. Vital, Man.; 3. Mayfayne Nixon, Victoria Y.M.C.A. Time, 1:52.3.

100 yards freestyle, senior men—1. Eric Powelson, W.A.C., Seattle; 2. Richard Campbell, University of Washington, Seattle; 3. Peter Salmon, Victoria Y.M.C.A. Time, 1:34.6.

400 yards freestyle, senior women—1. Vivian King, St. Vital, Man.; 2. Catherine Kerr, Winnipeg, A.S.C.; 3. Joan Ashley, Vancouver A.S.C.; 4. Joan Brown, Victoria Y.M.C.A. Time, 5:28.8.

Three-metre springboard diving, junior men—1. Ronald Hodge, Saskatoon S.C.; 2. Three-metre springboard diving, senior men—1. George Athans, Vancouver A.S.C.; 2. Donald Thom, West End (Ald.), S.C.; 3. Ted Rau, Victoria Y.M.C.A.

100 yards backstroke, junior women—1. Peter Mingie, Montreal Central Y.M.C.A.; 2. Eric Jubb, Victoria Y.M.C.A.; 3. Deane Hinch, St. Vital (Man.), Y.M.C.A. Time, 1:52.2.

100 yards freestyle, junior men—1. J. J. Mills, Fergus (Ont.), S.C.; 2. E. J. McNamee, Vancouver A.S.C.; 3. Diane Marshall, Hyde Park (Ont.), S.C. Time, 1:56.3.

200 yards breaststroke, senior men—1. Peter Salmon, Victoria Y.M.C.A.; 2. Len Coverdale, Victoria Y.M.C.A. Time, 2:47.8.

300 yards freestyle relay, junior men—1. Victoria Y.M.C.A. (J. Morgan, E. Jubb, R. Jubb, S. Powell); 2. Manitoba (G. Scott, F. Spratt, T. Milnes, D. Hilleman); 3. Victoria A.S.C. (W. Langford, H. Dighton, D. Stewart, W. Balonaba). Time, 1:52.1.

400 yards freestyle relay, senior women—1. Vancouver A.S.C. (I. Strome, J. Ash, S.C. (C. Kerr, V. R. Brett); 2. Manitoba (Smith); 3. Victoria Y.M.C.A. (J. Morgan, N. Anderson, A. Smith). Time, 4:42.

100 yards backstroke, senior men—1. Peter Mingie, Montreal Central Y.M.C.A.; 2. Eric Jubb, Victoria Y.M.C.A.; 3. Deane Hinch, St. Vital (Man.), Y.M.C.A. Time, 1:52.2.

100 yards freestyle, junior men—1. J. J. Mills, Fergus (Ont.), S.C.; 2. E. J. McNamee, Vancouver A.S.C.; 3. Diane Marshall, Hyde Park (Ont.), S.C. Time, 1:56.3.

200 yards breaststroke, senior men—1. Peter Salmon, Victoria Y.M.C.A.; 2. Len Coverdale, Victoria Y.M.C.A. Time, 2:47.8.

300 yards freestyle relay, junior men—1. Victoria Y.M.C.A. (J. Morgan, E. Jubb, R. Jubb, S. Powell); 2. Manitoba (G. Scott, F. Spratt, T. Milnes, D. Hilleman); 3. Victoria A.S.C. (W. Langford, H. Dighton, D. Stewart, W. Balonaba). Time, 1:52.1.

400 yards freestyle relay, senior women—1. Vancouver A.S.C. (I. Strome, J. Ash, S.C. (C. Kerr, V. R. Brett); 2. Manitoba (Smith); 3. Victoria Y.M.C.A. (J. Morgan, N. Anderson, A. Smith). Time, 4:42.

100 yards backstroke, senior men—1. Peter Mingie, Montreal Central Y.M.C.A.; 2. Eric Jubb, Victoria Y.M.C.A.; 3. Deane Hinch, St. Vital (Man.), Y.M.C.A. Time, 1:52.2.

100 yards freestyle, junior men—1. J. J. Mills, Fergus (Ont.), S.C.; 2. E. J. McNamee, Vancouver A.S.C.; 3. Diane Marshall, Hyde Park (Ont.), S.C. Time, 1:56.3.

200 yards breaststroke, senior men—1. Peter Salmon, Victoria Y.M.C.A.; 2. Len Coverdale, Victoria Y.M.C.A. Time, 2:47.8.

300 yards freestyle relay, junior men—1. Victoria Y.M.C.A. (J. Morgan, E. Jubb, R. Jubb, S. Powell); 2. Manitoba (G. Scott, F. Spratt, T. Milnes, D. Hilleman); 3. Victoria A.S.C. (W. Langford, H. Dighton, D. Stewart, W. Balonaba). Time, 1:52.1.

400 yards freestyle relay, senior women—1. Vancouver A.S.C. (I. Strome, J. Ash, S.C. (C. Kerr, V. R. Brett); 2. Manitoba (Smith); 3. Victoria Y.M.C.A. (J. Morgan, N. Anderson, A. Smith). Time, 4:42.

100 yards backstroke, senior men—1. Peter Mingie, Montreal Central Y.M.C.A.; 2. Eric Jubb, Victoria Y.M.C.A.; 3. Deane Hinch, St. Vital (Man.), Y.M.C.A. Time, 1:52.2.

100 yards freestyle, junior men—1. J. J. Mills, Fergus (Ont.), S.C.; 2. E. J. McNamee, Vancouver A.S.C.; 3. Diane Marshall, Hyde Park (Ont.), S.C. Time, 1:56.3.

200 yards breaststroke, senior men—1. Peter Salmon, Victoria Y.M.C.A.; 2. Len Coverdale, Victoria Y.M.C.A. Time, 2:47.8.

Jokers In Boxla Win Over Bays; Crucial Game Tomorrow

Jokers defeated the cellar-place J.B.A.A. squad, 16 to 13, in last night's boxla game that had little bearing on the league standings. Main interest among the faithful this week is the game tomorrow between Canadian Legion and Tillicums that will definitely decide the league crown.

At present Foul Bay, who have completed their schedule, hold a half-game edge over the defending champion Vets. A victory over the clubmen tomorrow night will put the Legion in a first-place tie and force a sudden-death playoff. League scheduled winds up Friday with playoffs slated to begin next week.

As has been the case in a number of their games this season, Bays took an early lead last night only to tire in the final half before the steadier play of the Jokers to drop the contest, their 13th defeat of the season as against two wins.

SECOND-HALF RALLY

Bays led 5 to 4 at the end of the first quarter and increased their edge to 8 to 6 at the half. Jokers started to find the range as the second half got under way and banged home five goals to the loser's two, to go ahead, 11 to 10, at the three-quarter mark. The final quarter was a repetition of the third with Jokers outplaying their opponents by a wide margin.

The contest was one of the roughest of the season, with plenty of slashing, high sticking and the odd blow being struck. Referees had a busy time and handed out a pair of five-minute penalties.

Norm Coates starred for the losers, scoring five goals and assisting on another. Harry Harding paced the winners with three goals and three assists.

Teams and scores follow:
 Jokers—Andrews, Rhodes 1, Banks 2, Sage 2, McLennan 1, Temple 1, Stewart, Harding 3, Scroggie 2, Thomas 2, Fellow, Douglas 2.

J.B.A.A.—Aitken, Hamm, Lamos 1, Coates 5, Rynoski 2, De-noni 3, Reid, Carney 1, Winters 1.

Cards Have Easiest Path In Flag Drive

It looks as if the National League pennant race will be settled in the seven games which Brooklyn Dodgers and St. Louis Cardinals still have to play with each other.

Each club frittered away an opportunity to gain on the other Tuesday as both the Dodgers and Cardinals were beaten. The Redbirds lost an afternoon game to Chicago Cubs, 2 to 1. The Brooks, with a chance to boost their three-game first place margin, fell before Boston Braves in a night game at Ebbets Field, 9 to 2.

The schedule is very much in favor of the Cards. Although the Dodgers have two games less to play than St. Louis, 44 in all, half of them are against first division outfits — seven with St. Louis, nine with New York, and six with Boston.

Of the Cards' 46 remaining games, 17 are with the rest of the first division — seven with Brooklyn, five with New York and five with Boston.

The Giants and Braves, of course, aren't out of the fight by any means, but Mel Ott's and Billy Southworth's nines cannot establish anything like consistency with their meagre pitching staffs.

15TH FOR LEONARD

Knuckleball artist Dutch Leonard won his 15th game against seven defeats when he pitched Philadelphia Phils to a 5 to 0 shutout over New York Giants in Philadelphia.

Ewell Blackwell failed in his fourth straight attempt to gain his 19th victory as Pittsburgh Pirates topped Cincinnati Reds 3 to 2 in Cincinnati.

Boston Red Sox reduced the American League-leading New York Yankees' margin to 11 games when they came from behind with two runs in the last half of the ninth to nip Washington Senators 2 to 1.

Allen Gettel, 29-year-old right-hander, pitched a one-hitter as Cleveland Indians swept a doubleheader from the third-place Detroit Tigers in a twilight-night affair 3 to 1 and 11 to 0 in Cleveland, the lone hit being a double by Eddie Mayo in the first inning of the second game.

NATIONAL LEAGUE		
Boston	9	15
Brooklyn	2	7
Batteries—Vossler, Shoun (8) and Masi; Branca, Behrman (8), Barney (8) and Edwards.		
Chicago	2	10
Batteries—Schmidt and Schilling; Hearn, Brazile (8), Pollet (8) and Rice.		
Pittsburgh	3	12
Cincinnati	2	10
(13 innings)		
Batteries—Riggs, Roe (8), Lyons (8) and Howell; Kuttis (9); Blackwell, Peterson (8) and Lamanno.		
New York	0	0
Philadelphia	0	0
Batteries—Kennedy, Trinkle (8), Begas (8) and Cooper; Leonard and Seminick.		

AMERICAN LEAGUE		
Washington	1	9
Boston	2	7
Batteries—Wynn and Serrill; Oathouse, Ferlie (8) and Partee.		
First Game:		
Detroit	1	7
Cleveland	1	7
Batteries—Newhouse and Wastner; Gromek, Killeman (8) and Hegan.		
Second:		
Cleveland	0	1

Women Bowlers In Rose Bowl Event

The annual rose bowl women's doubles competition will be played on the greens of the Canadian Pacific Lawn Bowling Club tomorrow. Players located in the first round will play in the B section. Play will start at 10.30. Draw follows:

AT 10.30
Mrs. Munroe and Mrs. Leatt vs. Mrs. Jealous and Mrs. Hurry; Mrs. Feden and Mrs. Phillips vs. Mrs. Webster and Mrs. Foster; Mrs. Moody and Mrs. Hoon vs. Mrs. Keating and Mrs. Keating; Mrs. Bald and Mrs. Evans vs. Mrs. Johnston and Mrs. Waddington; Mrs. Gresham and Mrs. Dobson vs. Mrs. Wallace and Mrs. Huesman; Mrs. Butterfield and Mrs. Terry vs. Mrs. Watt and Mrs. Sammons; Mrs. Pass and Mrs. McDonald vs. Mrs. Peidle and Mrs. Evans; Mrs. Uward and Mrs. Hox vs. Mrs. Lloyd and Mrs. Lvall.
AT 12.30
Mrs. Stewart and Mrs. Playfair vs. Mrs. Milnes and Mrs. McCallum; Mrs. McDougall and Mrs. McLeod vs. Mrs. Schmale and Mrs. Bond; Mrs. Seddon and Miss Steven vs. Mrs. Simpson and Mrs. Clement; Mrs. Curry and Mrs. Frevell.

UNIVERSAL "JEEP"
With Semi-Trailer
The new semi-trailer comes in two sizes, the 7x10-ft. bed and the 7x12-ft. bed. Each size is available with a single axle or dual axle for two and three-ton capacity. These trailers are equipped with the revolutionary LYNCO AXLE providing high axle clearance and eliminating side sway, as the trailer bed is level at all times regardless where the load is placed. Let the "JEEP" solve your hauling problems.

Double Canadian Swim Champion

Peter Powlison, University of Washington swimming star, performing under the colors of the Washington Athletic Club, last night added the Canadian 100-yard freestyle crown to his first night's victory in the 400-yard freestyle to capture the senior men's aggregate championship of the 24th annual Canadian swimming and diving championships at the Crystal Garden. Powlison is rated as a definite candidate for a place on the United States Olympic team.

Ryder Cup Golf Set For Portland

NEW YORK (AP) — The United States Professional Golfers' Association announced today that the post-war renewal of the Ryder Cup matches with Britain will be staged at the Portland, Ore., Golf Club Nov. 1-2. The British P.G.A. had announced earlier in London that the November dates would be acceptable, leaving the American organization to pick the site.

Sporri Has Big Day With Mounts At Hastings Track

VANCOUVER (CP) — Veteran hardboot Emil Sporri was the people's choice at Exhibition Park here Tuesday when he rode five races and paid off on all of them.

Sporri won the first with Gold Heir and the third with No Apology, placing Xenophelia in the second and Double Dot in the fourth. He rode Laurel Lady into third spot in the seventh, having no mounts in either the fifth or sixth.

Gold Heir teamed with Act Three in the second to return a daily double of \$48.15. Meta M. to Avondale King paid a lucrative quinella of \$110.15.

Results follow:
First race—Claiming, \$800, three-year-olds and up, seven furlongs.
Gold Heir (Sporri) \$14.30 \$8.15 \$4.50
Ex. Lebris (Johnson) \$10.30 \$6.40
Dolly Somers (Christiansen) \$10.30 \$6.40
Time, 1:30 2-5. Also ran: Peak Rappy, Arab Somers, Alivetta, Gladys Dale, Lady Arden (fell).

Second race—Claiming, \$800, three-year-olds and up, seven furlongs.
Act Three (Neal) \$6.45 \$4.40 \$3.30
Xenophelia (Sporri) \$4.00 \$3.65
Curly B (Robertson) \$3.50
Time, 1:29 4-5. Also ran: Burnas Fife, Starford, Camp Meeting, Fair Rio, Jazzy Jean.
Daily double, \$48.15.

Third race—Allowance, \$800, two-year-olds five furlongs.
No Apology (Sporri) \$14.30 \$8.15 \$4.50
Rectortree (Bovine) \$3.50 \$2.90
Brilliant (Robertson) \$3.50 \$2.90
Time, 1:03 1-5. Also ran: Norah G. Fair Lady, Popsy Sir, Lady Omlaucht, Gordina, Fourth race—Claiming, \$800, three-year-olds and up, six furlongs and 165 yards.
Double Dot (Sporri) \$5.25 \$4.25 \$3.25
Gle Maid (Christiansen) \$3.50
Time, 1:26 1-5. Also ran: Sharrah, Ransdahl, Lady Vernon, Convera, Jazz Society.

Fifth race—Claiming, \$800, three-year-olds and up, one mile and one-sixteenth.
Mellon Board (Neal) \$4.25 \$3.50 \$2.75
Pepper Pot (Bovine) \$3.25 \$2.50 \$1.75
Gale Chalk (Christiansen) \$3.25 \$2.50 \$1.75
Time, 1:50 1-5. Also ran: Way Joe, Jitterbug, Hot Pepper, Bon Vill, Lynn Gold, Sixth race—Claiming, \$800, four-year-olds and up, fabled in Canada, one mile and one-sixteenth.
Cventry (Johnson) \$11.40 \$6.75 \$3.30
Malissa R (Robertson) \$3.70 \$2.50
Admiral Fleet (Bovine) \$3.70 \$2.50
Time, 1:50 1-5. Also ran: Master Public, Glenboro, Fairworth.

Seventh race—Allowance, \$1,200, three-year-olds and up, seven furlongs.
Gallamar (Christiansen) \$22.10 \$8.75 \$4.45
Cventry (Johnson) \$4.20 \$3.25 \$2.25
Laurel Lady (Sporri) \$3.50
Time, 1:25 1-5. Also ran: Malinka, Princess Gay, Mary Mahone.
Eighth race—Claiming, \$800, three-year-olds and up, one mile and one-sixteenth.
Meta M (Johnson) \$19.70 \$8.50 \$4.50
Avondale King (Connell) \$16.60 \$4.10
Acot Bella (Nottmeyer) \$4.25
Time, 1:50 1-5. Also ran: Stockton, Black Memory, Kanuki, Pass Forward, Vegas Bert.
Quinella, \$110.15

Minor Ball Nine In 24th Straight Win

Associated Boys' Club captured the bantam championship of the Minor Baseball Association last night by swamping the Knights of Pythias 21 to 2 in the second and final game of their series.

The playoff victory gave the club, coached by G. Wetherall and Harry Holness, an unblemished record for the season. In league and playoff competition this outstanding nine won 24 consecutive games.

The club will travel to Lake City, Seattle, Aug. 22, for a double bill with an American Legion team.

Army And Navy In Playoff Victory

Army and Navy Vets senior B softballers took a one-game lead in their best-of-three series for the city softball crown last night by handing Naval Stores a 10 to 6 trouncing.

Winners pushed across single runs in the first and fifth frames, added three in the sixth, two in the seventh and wound up with three tallies in the eighth. Naval Stores scored two runs in the fifth and sixth innings and single markers in the second and eighth.

Second game will be played tomorrow night.

Ties Mark Rifle Events At Ottawa; Victorians Well Up

CONNAUGHT RIFLE RANGES, South March, Ont. (CP) — Officials of the Dominion of Canada Rifle Association paused briefly today to take stock after two days of the annual competition—the victory meeting—and agreed that this year's shoot had engendered the keenest rivalry in the history of the association, now entering its 80th year.

Five major individual matches have been fired, but only two have been won by clear-cut victories. There were ties yesterday for the top shots in each of the three matches fired.

In one of the toughest events of the meet, Lt.-Col. Stephen Johnson of Calgary, the man who wrote the Canadian army manual, "Shoot to Kill," proved that he is still tops when it comes to snap-shooting. He finished in a three-way tie for first place in the Harold M. Borden Memorial, calling for 10 shots at 300 yards at a target which appeared for five seconds at a time.

Groggy from a glazing sun, the former Bisley shot plunked eight bullets into the bull's eye and smacked his other two into the inner to equal the scores of Sgt. H. Adams of Hamilton, a tyro, and Sgt. Eugene Mossman of Saskatoon.

TWO OTHER TIES

Ties also developed in the shooting of the "Walker, fired over 300 and 500 yards, and the Bankers, over 300 and 600 yards. Top score in each was 98, two short of a possible.

In the Bankers, a westerner and easterner, Pte. E. Jennings of Winnipeg and Pte. L. Don Bullock of Winnipeg and Ottawa, outgunned a tricky, shifting wind to tie for the Patterson Challenge Cup. First money of \$50 went to the Winnipeg marksman on the basis of better placement of bull's eyes, but the pair will shoot off for the trophy.

The comparatively easy Walker, after the wind had subsided, ended in a five-way tie for first place. Top money of \$25 went to Cpl. J. A. Irvine of Vane, B.C., on the basis of a perfect 50 at 600 yards.

Scores of Victoria marksman in the Borden and other matches were as follows:

BORDEN
Lieut. H. Thorburn, C.S.R., 45; Edman, F. Drysdale, C.S.R., 41; Sgt. A. Sherwin, 39; Lieut. Jack Betts, 35; Sgt. W. H. Ruffell, R.C.E.F., 21.
BANKERS
Maj. Ruffell, 48-41-35; Cpl. J. Gibault, V.C., 40-42-32; Lieut. Betts, 44-47-31; Sgt. Sherwin, 45-46-31; Lieut. J. E. Hutchins, 45-46-31; Cpl. W. H. Wood, C.S.R., 45-46-31; Cpl. O. L. Evans, R.C.E.F., 46-45-39; Edman, Drysdale, 45-46-38; Sgt. W. H. Ruffell, R.C.A.F., 47-43-38; Sgt. J. Ragan, C.S.R., 47-46-39; Cpl. Jean Dunbar, 48-38-37; Mrs. Owen Sweeney Heiber, 48-38-37; 46-46-36; Cpl. F. E. Richardson, 48-38-37; 47-43-37; Lieut. Cpl. Hutchins, 44-44-32; Sgt. Maj. Lagan, 43-42-33; Cpl. F. B. Richardson, 37-40-27.

WALKER
Maj. W. H. Ruffell, 48-48-36; Cpl. Evans, 47-48-36; Cpl. Gibault, 47-48-36; Maj. Wood, 47-47-34; Sgt. Sherwin, 46-47-33; Lieut. Thorburn, 48-45-33; Cpl. F. E. Richardson, 46-45-31; Lieut. Betts, 46-44-30; Cpl. Dunbar, 46-44-30; Edman, Drysdale, 47-43-30; Sgt. Ragan, 47-43-30; Lieut. Cpl. Hutchins, 44-44-32; Sgt. Maj. Lagan, 43-42-33; Cpl. F. B. Richardson, 37-40-27.

HARRY DAVIS DIES
PHILADELPHIA (AP) — Harry E. Davis, home-run king of the American League while playing first base for Philadelphia Athletics in the early days of the century, died Monday at his home here. He was 74.

Davis paced the circuit in home runs in 1904 with 10, in 1905 with eight, in 1906 with 12 and in 1907 with seven.

Hockey Star Drobny Leads Czechs In Davis Cup Tennis

MONTREAL (CP) — Tennis is Jaroslav Drobny's first love, but hockey runs a close second.

The stockily-built Czech net ace, key man of the team which will battle Australia in the Davis Cup interzone finals starting tomorrow, is some pumpkin on skates in his native land. He was a centre star with the Czech team which captured the international title in Europe last winter.

Drobny displayed good enough form in that series to warrant a bid to play in North America from Walter Brown, general manager of the Boston Garden. Drobny wanted Drobny to turn out with Boston Olympics, but the Czech athlete decided against such a move.

Drobny and Bohoslav Cernik will carry the load for the Czechs against the Aussies, splitting the four singles and pairing for the doubles encounter Friday. Dinny Pails is a certain singles starter for Australia, but his singles mate will not be known until the official draw today.

Tennis observers here speculated all week that Roy Cowling, captain of the Australian team, might call on the veteran Jack Bromwich for singles duty in place of Geoff Brown, who held down a singles spot with Pails in Australia's 5 to 0 victory last week over Canada. Against Canada Bromwich played only in the doubles.

Many observers rate Drobny immediately behind America's sensational Jack Kramer when it comes to play on hard courts, but they figure that he is several notches down where grass is concerned. There are no grass courts in Czechoslovakia and Drobny has had little experience at such play.

Eagles, Legion In Playoff Tonight

Canadian Legion, defending champions, and Eagles, season-long loop-leaders, will clash in a sudden-death game for first place in the local senior ball league at Macdonald Park tonight at 6.30.

Vets gained the first place tie with two victories last week-end while birdmen were dropping a pair and will probably shoot Bill Prior at the Eagles in this important game. Stan Davies will pitch for the Eagles.

Playoffs start Friday with tonight's loser playing Navy at Macdonald Park in the first game

have also been set for games with Sand Point Naval Air Station, and the Millers squad of Port Angeles with a return game here against the Longview eleven also on the program.

Logan Mayhew is president of the club; Victor Lea and E. A. McConnell, vice-presidents; Ralph Patterson, Harvey Belogus, Bill Terry and Brother R. Carroll, executive.

Practice will start tomorrow night at 7 at the Victoria High School grounds.

Big One Didn't Get Away

E. Ensley, Island Highway, is pictured with the 32-pound spring salmon he landed recently at Saanich Inlet. Fishing with 200 feet of wire line and a pound of weight, Ensley hooked into the big one close to the island at the head of the Arm.

from behind to win over Sacramento 4 to 3 in their series opener.

COAST LEAGUE		
Sacramento	4	10
Seattle	4	10
Batteries — Holcombe and Fitzgerald; Barrett, Pasdel (8) and Hensley.		
Los Angeles	5	10
Hollywood	7	10
Batteries—Bauer and Malone; Rescigno and Casner.		
San Francisco	4	11
Oakland	9	4
Batteries—Joyce and Gladd; Soriano, Wilkie (9) and Raimondi, Lillard (8).		
San Diego	10	0
Portland	6	0
Batteries—Treichel and Kerr; Dillick and Rivera.		

New Bedford, Mass. — Pat Demers, 138, Brockton, outpointed Jimmy McLarnin, 134½, New Bedford, 10.

Pigeon Racing

The Victoria Eastern Racing Pigeon Club held its first young bird race of the season from Everett, Wash., an air line distance of 60 miles.

Sixty eight birds representing nine lofts took part.

Results follow:		
	Yds. per Min.	
A Hardy	746.72

Excuse Me! For a Clear Skin! INNER CLEANLINESS COMES FIRST!

Cosmetics can do much to beautify, but the true basis of successful make-up is a flawlessly clear skin which comes from inner health. And one of the first rules of inner health is Inner Cleanliness which sparkling, bubbling, pleasant-tasting Andrews can give you.

Here's how Andrews does its healthful work:

FIRST... Andrews cleans and refreshes the mouth and tongue.

NEXT... Andrews sweetens sour stomach and corrects excess acidity.

THEN... Andrews works on the liver to check biliousness.

FINALLY... To complete your Inner Cleanliness, Andrews gently cleans the bowels. It sweeps away trouble-making poisons, corrects temporary constipation.

THE IDEAL FORM OF LAXATIVE!

NEW LOW PRICES 35¢-65¢

ANDREWS LIVER SALT

INNER CLEANLINESS HELPS KEEP YOU FIT!

EVERY DAY NEW THOUSANDS AMAZED AS PEPSODENT GIVES THEIR TEETH DENTAL WHITENESS

Only Pepsodent Tooth Powder gives the dental cleanliness that means DENTAL WHITENESS

Remember how white your teeth are after a dentist cleans them? That's real dental whiteness; and he relies on powder. So don't let dull, dingy film harden—darken—turn into harmful, ugly tartar. Pepsodent Tooth Powder is especially made to remove that trouble-causing film—gently—but thoroughly. Change today to Pepsodent Tooth Powder for the dental cleanliness that gives your teeth dental whiteness.

FOR A CLEANER FRESHER MOUTH... FOR WHITER, BRIGHTER TEETH... USE PEPSODENT TWICE A DAY

The difference is IRIDIUM—and PEPSODENT IS THE ONLY TOOTH POWDER THAT CONTAINS IRIDIUM

Gives Reasons For Judgement In Nanaimo Laundry Appeal

Reasons for his judgment in the appeal of Mrs. Eula Patterson, president of the Nanaimo Dry Cleaning and Laundry Workers' Union, Local No. 1, which was dismissed by the Court of Appeal Tuesday, were handed down today, by Mr. Justice C. H. O'Halloran.

Reasons for judgment are yet to be handed down by Chief Justice Gordon McG. Sloan and Mr. Justice H. B. Robertson. Mrs. Patterson was appealing from a judgment of Mr. Justice A. D. Macfarlane, which disallowed her application, to make final, a writ, prohibiting court action against the union.

"The trade union is not regarded simply as a collection of individuals but as something of a separate legal existence from its members," Mr. Justice O'Halloran said.

He held that the trade union was a legal entity under the Industrial Conciliation and Arbitration Act of 1947 and that the magistrate had jurisdiction to hear the charge preferred against it. The point relating to service of the summons was a matter of practice and procedure and not of jurisdiction, he said.

"I agree with the learned trial judge, that Order Nisi, directing

prohibition ought to be discharged," he said.

Referring to the Tait-Vale case which was referred to a number of times during the hearing of the appeal, Mr. Justice O'Halloran said the legislation recognizing the existence of the trade union in the laundry union case was far stronger than in the Tait-Vale case.

Want Refusal Of Foreshore Rights

C. Elliot and 32 residents of the waterfront district near Selkirk Avenue have petitioned the provincial Department of Lands to refuse the application of Capt. Fred Warren for foreshore rights at 517 Selkirk Avenue.

A copy of the petition was sent in to the City Council. Some time ago the residents complained to the City Council about Capt. Warren using his Selkirk Avenue waterfront property as a base for his tug-boat business, claiming it was contrary to zoning regulations, and also that it depreciated neighboring property values.

James Whalley of Zeballos has been made stipendiary magistrate for the county of Nanaimo, by order-in-council.

\$3 Got By Thieves Who Ransack City Home In Daylight

Thieves who entered a home in daylight yesterday and two business premises and a car last night gained almost nothing for their efforts, it was learned this morning.

The dwelling entered Tuesday afternoon about 3 was the 2823 Rose Street residence of Mrs. S. A. Ricalton. The house was thoroughly ransacked in the search for valuables, but the only articles missing are \$2 in bills and \$1 in change from a coat pocket, Constable Arthur Deeks reported. Entry was gained through a bedroom window in the northeast corner of the house.

At 8.15 last evening Alderman H. M. Diggon reported to police that there was a young man on the roof of his building at 1208 Government Street. Constables Alex Nichol and Lorne Johnson attended but found the man gone on arrival.

A check made by Sgt. John Howe, Detective Fearon Woodburn and Constable Joseph Barlow, revealed that the United Oil Co. offices in rooms 167 and 108 Royal Trust Building had been entered through a small window in the north side. The hasp was broken off a tool box, the property of Bruce Revay, apartment 204, but nothing is reported missing from the entry.

L. M. Butler of the B.C. Telephone Company reported to city police Tuesday morning that a pay telephone was broken into during the night in the waiting room of the Vancouver Island Coach Lines and that between \$30 and \$40 in change was stolen.

Nothing is missing from the Economy Steam Laundry office, 607 John Street, which was entered during last night. Entry was gained by smashing a hole in the glass of the office door window to enable the release of the lock. Some drawers in the office were gone through, but the management reported nothing of value missing to their knowledge.

There was nothing of value gained by thieves who broke into a car owned by W. C. Lyons, 1025 Gifford Street, Vancouver, last night when it was parked in the Standard Service Station at Yates and Blanshard Streets.

A section of the Lillooet Land district has been set aside as a game reserve by order-in-council, to be known as Green Lake Game Reserve.

Whaley Gains Golf Semis When Campbell Collapses

Ralph Whaley of Seattle, defending champion, tournament medalist and heavy favorite to retain his Seniors' Northwest Golf Association title for the fourth successive year, reached the semifinals at Colwood today winning his match from Roy Campbell, also of Seattle, by default.

With Whaley holding a one-hole lead as the pair reached the 13th tee, Campbell suddenly collapsed and was forced to default. Attended by Dr. Otis Lamson of Seattle, also playing in the tournament, Campbell was brought into the city. Contacted at the Empress Hotel he reported he was feeling much improved.

George Butterfield, Seattle, engaged in a close battle with R. C.

Parker, Portland, winning 2 and 1. After gaining a three-hole lead on the first nine Butterfield held off a closing rally by his opponent to take the match on the 17th green.

In an all-Tacoma match Harry Andrews defeated E. N. Eisenhower on the 22nd hole, getting a par three as his opponent three-putted. Bothered with a trouble-some putter throughout the match Eisenhower was forced to come from behind to square the match on the 17th green.

Another extra-hole engagement saw A. S. G. Musgrave, Victoria, defeat Frank Thomas, another local entry, at the 20th hole.

Tomorrow's semifinals will match Whaley and Butterfield and Andrews and Musgrave.

Flames Advance Unchecked On Cape Breton Villages

CHETICAMP, N.S. (CP)—Licking tongues of flame advanced unchecked toward small settlements on the northern tip of Cape Breton today after rolling down a mountainside, destroying half the village of Pleasant Bay and then sprinting northeast.

Meanwhile in Sidney the R.C.M.P. issued an order today banning travel over Nova Scotia's famed Cabot trail because of the fire raging at the northern end of the Cape Breton Highland's national park.

Lying offshore, ready to evacuate the some 200 residents of Wreck Cove, Meat Cove, Bay St. Margaret's, and Cape North were the R.C.M.P. cutter French and a host of small fishing vessels.

Possibility of a sea evacuation similar to that at Pleasant Bay in which 100 persons were taken off Monday night grew hourly as the vast forest fire raced north and east, driven by a 15-mile-an-hour wind.

Latest reports put the front wall of the fire about 12 miles from the settlements but it was traveling fast. It moved about six miles Tuesday.

More than 200 firefighters attacked the blaze from the rear—the only point from which they could get at it—but with little hope of checking it. Forest

rangers said only a 48-hour down-pour could halt it.

The fire has laid waste at least 20 square miles of spruce and pine on the northern edge of the Cape Breton Highlands national park, forced the evacuation of Pleasant Bay, 20 miles north of here, and leveled 28—about half—the buildings in the community.

BLAZE IN THE SAULT

SAULT STE. MARIE, Ont. (CP)—Promise of scattered showers and a lessening of the humidity that has accompanied high temperatures for several days past today brought encouragement to the wearying Ontario forestry department fighters, battling 15 fires out of control north of Lake Superior.

Apparently the most serious fire was that covering a section four miles long and nearly two miles wide near Chapleau. This blaze was in slash and cut-over timber and 25 men with full equipment had it surrounded.

More than 300 fire-fighters were engaged in the battle against blazes north of here. Outbreaks near Wawa and Mississagi were said to be the worst threat but district forester Arthur W. Leman said the situation was "generally better." The Mississagi fire was expected to be controlled within the next two days.

Town Topics

Duke Ellington and his orchestra will be in Victoria Aug. 26 and will play at a dance at the Bay Street Armories.

Only one tender was received today for the alterations to windows on the ground floor of the Workmen's Compensation Building in Vancouver. Public Works Minister E. C. Carson, who opened the tender, said the figure of \$6,420 given by Associated Engineering Co. Ltd. was more than twice the estimate.

Mayor Percy George will leave for Vancouver tonight to attend an executive meeting of the Union of B.C. Municipalities Thursday. He will stay over in Vancouver to attend Mayor G. G. McGeer's funeral, to which he will probably be accompanied by Ald. B. J. Gadsden and one other alderman, representing the city.

Executives and managers of automobile clubs throughout British Columbia, Alberta, Saskatchewan and the 12 most-western states of the U.S., will meet in Vancouver Aug. 22 and 23 for a western conference of the Automobile Association. It has been announced. Representing the Victoria Automobile Club will be W. T. Straith, M.L.A., president; Ald. Frank Mulliner, vice-president; J. V. Johnson, past president; and George I. Warren, secretary.

City police have received a communication from Mrs. Elsie Lanning, 5849 N. Rockwell Street, Chicago 45, Illinois, asking local police to help in tracing her husband, who has been missing since Feb. 7 and is believed to be suffering from amnesia. She is sending a picture and description of her husband to police in every town in the United States and to some in Canada. Anyone who has any knowledge in this connection is asked to communicate with the city detective office.

I.W.A. Accepts Offer
KAMLOOPS (CP)—The International Woodworkers of America local here today announced acceptance of interior operators' offer of a 12½ cents increase, the board increase. The action averted a threatened strike schedule for noon today.

Firemen Called To Nurses' Home

City firemen received a call shortly after noon today to attend an upstairs fire at 929 Burdett Avenue, a home for nurses of the Mt. St. Mary Hospital. The fire, although confined to a bedroom and hallway, kept firemen busy for an hour.

It was reported from the fire chief's office there would be an investigation to determine cause of the fire.

Name Committee To Encourage Exhibits

A special three-man committee has been appointed by Minister of Agriculture Frank Putnam to encourage B.C. farmers to send exhibits to the Royal Winter Fair Seed and Grain Show at Toronto, Nov. 18 to 26. On the committee are James Travis, field crops commissioner; Norman F. Putnam, assistant commissioner; and Dr. J. B. Munro, deputy minister of agriculture.

Mr. Travis said all farmers' injustices have been circularized and district agriculturists will co-operate in contacting farmers and promoting interest in the fair.

Dr. Munro commented it is believed B.C. will have fine seed and grain crops this year, and that fibre flax seed, coarse grains, wheat, grass seeds and legumes should be available in fair quantities.

U.S. Denies Boost In Price Of Gold

WASHINGTON (AP)—A United States treasury spokesman said today "there has been no discussion" of increasing the treasury's price on gold from the present \$35 an ounce to \$50.

The statement to reporters was intended to scotch what were described as "persistent rumors" in the London financial district that such an increase is in prospect.

Closing program of Strawberry Vale community playground will take place Friday at 7.30 and not tonight as previously announced.

Seek To Appeal Day Sentence For Cattle Stealing

Shades of the cattle rustling days of the old West of half a century ago, were seen in a routine notice of motion for leave to appeal, which was filed at the Victoria Courthouse this morning.

The Attorney-General's Department seeks leave to appeal the sentence of one day in jail and a fine of \$50 and costs, imposed on Donald Lorne Sutherland at Keremeos, B.C., on conviction on a charge of cattle stealing.

The department wishes to appeal on the grounds that the sentence imposed, by R. B. Sheridan, stipendiary magistrate on July 14, was "inadequate having regard to the gravity of the offence."

Blood Replacement Saves 12 Babies

Twelve British Columbia babies, born during the last six months with the dreaded RH factor, are alive and happy today because of blood replacements provided by Red Cross transfusions, Donald Seymour, Victoria Red Cross official, announced today following study of a report from the society's provincial headquarters.

The only treatment for newborn children affected by the RH factor is immediate blood replacement. The system of replacement which has been adopted here has been most successful, he said.

While most of these operations have been carried out in large city hospitals one of the more recent cases occurred at Fernie.

Complete equipment for the replacement and a supply of necessary blood was flown to Lethbridge from Vancouver and from Lethbridge was transported by train to Fernie at the request of a doctor in that locality. Just before the birth of the infant, Dr. W. G. Rice, medical director of the Red Cross blood service, instructed the Fernie doctor by long distance on the technique of performing the replacement operation.

The operation was performed without difficulty and today the child is well. Serum from the mother has been received at the Red Cross laboratory to be used for testing the RH factor in other cases.

"This is but one instance where the Red Cross blood service has brought aid to those in need," Mr. Seymour stated.

He noted that most blood was used by hospitals in giving transfusions to patients but added the Red Cross was "ready to provide transfusions anywhere in the province where they were needed. He said 172 emergency calls had been taken care of during the passed six months.

Flin Flon Miners Stage Walkout

FLIN FLON, Man. (CP)—Miners employed by Sherritt-Gordon Mines, Sherridon, Man., went out on strike today after holding a meeting Tuesday night, and it was reported the mine manager, Eldon Brown, was en route to Winnipeg by plane.

Meagre information received here was the strikers had put out pickets. Further details were not available immediately.

In May, the company's union employees, members of local 695, International Union of Mine, Mill and Smelter Workers (C.I.O.), approved strike action in support of their wage demands. At that time its vice-president, Floyd Bean, said the employees sought a wage increase of 36 cents an hour.

Charges 3 Japanese Sent To B.C. Camp

MOOSE JAW (CP)—W. Ross Thatcher, C.C.F. member of Parliament for Moose Jaw, charged Tuesday night R.C.M.P. officers seized three Japanese from the Moose Jaw Japanese relocation centre and escorted them to New Denver, B.C.

He said camp inmates told him the men—named Kato, Kanno and Umakoshi—were not fully clothed when put aboard the train.

In a telegram to Prime Minister King, Mr. Thatcher protested "the forceful evacuation of residents of Japanese camp at Moose Jaw by R.C.M.P." and said the order to stop feeding inmates tonight would "result in hunger to dozens of children and old people."

(See story, Page 6)

Rival For Caddy And Ogopogo As Serpent 'Seen' In Ontario Lake

LAKE MINNISKA, Ont. (CP)—British Columbia's Caddy and Ogopogo and Scotland's Loch Ness monster better look out—there's a new sea serpent and he's a dandy, by all accounts.

The new sea serpent is unnamed as yet, but he's becoming a familiar character to those permanently attached to this wide spot of the Albany River on the west of James Bay, 150 miles north of the Canadian National Railways' transcontinental line.

Discovery of the monster can be credited to a Toronto newspaper reporter on a flying vacation; but he has lots of evidence to back up his story. Cree Indians here are quite familiar with the creature.

According to Mrs. David Sagetachway, one of the most respected Indian women in the entire Albany area, the creature is "something like a big snake. It's as big as a barrel, and seemed about 50 feet long. The head was covered with hair and the thing had a mane like a horse. It undulated as it went through the water."

The Indian braves naturally were skeptical. So Daniel Wapoot went out in a freighter canoe with an outboard motor. He broke all speed records coming back. He said that he had seen the "thing," and that it was too horrible to describe.

Fire Conditions Still Hazardous

Conditions are still hazardous in the woods Forest Service officials reported today, with weather conditions remaining stable. They do not foresee any widespread relief until a heavy rainfall is received. Weather officials reported no change is expected either today or Thursday.

Dry air will bring clear weather to southern B.C., the weather report said, while exposed areas of the coast will experience a thin layer of moist area in the lower levels, with some cloudiness and fog.

There are two fires burning in the Nelson district, with 17 men fighting them, and the weather remains clear and warm. In Kamloops district there are four fires burning and in the Prince George area nine fires.

Polio Unlikely To Close Schools

Victoria's third poliomyelitis case, which was confirmed Tuesday, is a very mild case, Dr. J. H. Preston, assistant medical health officer, said today and there is only a minimum of muscular involvement.

He said he doubted if the keeping of Victoria's schools closed would be considered in view of the mildness of the outbreak here. It is being discussed in Vancouver unless the polio outbreak there slackens off by school opening. The other three cases hospitalized here are all progressing satisfactorily.

Riots In Lahore Claim 49 Lives

LAHORE (Reuters)—Forty-one people had been killed and 18 injured up to this evening in communal riots in Lahore today in which over 40 buildings were set on fire.

Unidentified persons this afternoon burst into railway workshops here and stabbed nine people, killing seven and wounding the other two.

Troops opened fire in affected localities and discovered a number of arms, including 12 bombs.

A dispatch from Hyderabad today said the Nizam of Hyderabad, biggest and most important Indian state, has told Viscount Mountbatten, the Viceroy, that "until mutual relations between the Dominion of India and Pakistan are known Hyderabad cannot contemplate organic union with either Dominion," a communique stated.

Vancouver Woman Tries Suicide 5 Times; Held

VANCOUVER (CP)—An unidentified woman was being held on a vagrancy charge here today following five unsuccessful attempts at suicide.

Witnesses told police that the woman, described as a 20-year-old waitress, threw herself in front of three streetcars and a bus and each time was rescued by male pedestrians. She was taken into custody when she attempted to leap from a dock.

PRISCILLA'S POP**Air Travelers Forget Baby, Money, Tombstone, Button**

Ray Plummer, airline lost-and-found custodian in Miami, looks over a tempting item of loot a plane passenger left behind.

MIAMI, Fla.—Travel stamps the rational mind, says Ray Plummer, custodian of a big airline lost-and-found department here.

A New York businessman en route to Latin America serenely marched away from the Miami terminal leaving \$30,000 in cash sitting in the customs room.

A young mother blithely boarded a plane in Miami and was half way to Havana before she discovered she'd left her baby at the terminal.

A dignified executive of a rival airline flew by Pan American Clipper to Central America with a briefcase full of operating contracts for routes competing with PAA's. When he landed, he gathered up his hat and coat and departed without a backward glance at the all-important contracts.

Presiding over an office that looks like a cross between a pawnshop and a museum, Plummer carefully guards more than 7,000 articles a year that are left

on company property or on airplanes. Only a part of these articles are such things as coats, hats, glasses and other run-of-the-mill items you normally expect people to leave behind them.

One passenger succeeded in losing a tombstone. How or why, the records do not show. But its loss and recovery are recorded.

Plummer is still trying to figure out how a lady traveler got off a clipper in Miami minus one shoe—and didn't miss it until two days later. The shoe was found wedged between the seat and the wall of the plane.

Some travelers insist on recovering the most insignificant items. One man telephoned to ask for a button his wife lost from her suit. Where had she lost it? Somewhere in South America.

Another insisted that Plummer send a radiogram in an effort to locate a misplaced handkerchief.

For alarm clocks and tom-toms, false teeth and buttons, Plummer's "bloodhound department" goes sleuthing by radiogram all over Latin America.

Oracles Boom In Paris—'Great Penance' To Stay

Hand-out: Madame Fraya, number one oracle of Paris, looks for an omen in a customer's outstretched palm.

By ROSETTE HARGROVE
PARIS—The postwar fever for a peek at the future has doubled the number of people doing business under the heading of fortune tellers in Paris these days.

Most of the 40,000 assorted crystal-gazers hide their lights under a bushel and their clients have to find out about them the same way they find out about Black Market merchants.

Not so Madame Fraya. She has been a practicing oracle since 1912, right out in front of everybody, and pays her taxes just like any other legitimate business woman.

Right now Madame Fraya is, saying that France is in for "several years more" of the era of "great penance" that started with the occupation. Her omens come from people's palms and handwriting, but she occasionally gazes at the stars and says there is a universal shake-up in social structures now going on because

Paris press made headlines of what she said the future held, but she's refused to make any public predictions since then.

When the Germans marched into Paris Madame Fraya was living in a little old-world house on a side street. She stayed there for four years and continued to receive clients who had remained in the capital.

"The Germans never bothered me," she says. "I just didn't see them."

In 1943 a Paris weekly published an attack on Madame Fraya. It declared her house was a rendezvous of General de Gaulle's sympathizers and that she should be arrested, or better still, shot. She refused to move.

"I somehow felt that nothing would happen to me," she says with a shrug of her shoulders. "As things turned out, the man who wrote the story happened to be one of the first to be judged as a collaborator. He was the one who got shot."

Here Is Life
As It's Lived In Victoria

THE true story of Life as it is lived in Victoria—its vivid, colorful patchwork of human experience—filled with drama, pathos, comedy and romance, is unfolded for your profit and entertainment day after day in the Times Classified Ads.

It is written, not by a single person, but by thousands of people who are themselves characters in the story; and whose lack of writing skill is more than offset by the richness and sincerity of the tale itself.

In reality, these people are the City... Their lives are its life; their problems its problems; their needs and aims, its needs and aims. What they buy and sell; what they rent and trade; what jobs they offer and take; what services they render, form the basis of Victoria's revenues.

The forces that drive them; the varied needs and problems underlying their Ad-appeals, are the glittering threads of human interest that highlight the pattern of Victoria's design for living.

If you know Victoria really well and benefit fully from its dazzling opportunities, don't overlook reading its Personal and Business Diary in the Times Want Ads today and every day.
